

Customs Inspector
At Detroit Accused
In Alien Smuggling

DETROIT (AP)—A Canadian customs inspector arrested here yesterday is accused by U. S. Immigration authorities of being a member of an international alien smuggling ring with headquarters in Canada.

The accusation was made by U. S. Border Patrol Chief Frank Hornyak against Stanley Carley, 40, of neighboring Windsor, Ont. Carley was held for Federal grand jury action after authorities said he confessed bringing seven aliens into the United States in the trunk of his car over the last 13 months.

Paid \$100 Apiece

Hornyak said that the smuggling ring has brought in valuable goods, gold and other precious items, as well as aliens.

Hornyak quoted Carley as confessing he got \$100 each from the seven aliens he allegedly brought in over the international Ambassador Bridge across the Detroit river. He said Carley, an inspector at the Canadian end of the bridge, admitted bringing in two Chinese and five of Greek or Italian nationality.

Hornyak said two of those allegedly brought in by the Canadian are in U. S. custody. Carley was arrested as he emerged on the U. S. side of the Windsor-Detroit tunnel yesterday.

Trunk Not Checked

Carley was quoted by Hornyak as saying he brought the aliens over the bridge at night, adding that inspectors at the U. S. end knew Carley and normally did not check the trunk of his car.

The trunk was left unlocked, Hornyak said, so the Canadian could claim he didn't know there was anyone in it if he were caught — "so he could say they must have slipped in while he was parked."

Polio Immunity
Pill Developed

By RENNIE TAYLOR
AP Science Reporter

BERKELEY, Calif. (AP)—A single capsule that will cost \$3 to \$5 and will make a person immune to infantile paralysis may be available in a couple of years, say medical scientists.

The pill will contain thousands of weakened polio viruses which have been grown in fertilized hen's eggs. The viruses will pass into the patient's blood stream and the blood will start building antibodies to destroy the viruses. Because they are weak, the viruses will not cause the disease but their presence will be sufficient for their blood to build defenses against future polio virus invasions.

The immunity may last five or more years and might even give life-long protection, the researchers said.

Basis for this outlook is the disclosure here yesterday that the fertilized hen's egg is an almost ideal medium for mass producing the most deadly type of polio virus.

The process was developed by Dr. Harold R. Cox and associates at Lederle Laboratories, Pearl River, N. Y., and reported by him at a gathering of distinguished scientists for the opening of the University of California's new virus laboratory.

A great quantity of vaccine already has been made but it must be tested rigorously on animals before it can be tried on humans. Dr. Cox told a press conference.

White Pine Water
Project Approved

GRAYLING (AP)—The Conservation Commission yesterday approved the application of White Pine, the rejuvenated copper town in Ontonagon, for permission to build a water intake tube into Lake Superior.

The approval, however, was made subject to an attorney general's opinion that the commission had the authority.

Dies In Garage Fire

IONIA (AP)—Clark Mertins, about 80, was found dead under debris from a crumpled garage that apparently caught fire yesterday from leaves he was burning in the yard of his home at Muir, seven miles east of here. Coroner Dale Kauffman said Mertins apparently died of a heart attack while attempting to quench the flames.

Truman Covers
New York With
Whistle-Stops

By ERNEST B. VACCARO
NEW YORK (AP)—Whistle stopper Harry S. Truman lends a hand to the biggest "whistle stop" of them all.

He turns his "give 'em hell" technique from the rear platform of his 16-car campaign train to a park in Harlem to try to help build up a big enough Democratic margin in New York City to overcome normal Republican majorities upstate.

Few Boos Heard

Truman prefaced today's campaigning with an off-the-cuff talk in Grand Central Station last night where he got a roaring welcome and a few boos from what police said was a crowd of 20,000 persons.

He speaks first, at 1 p.m., EST, in Dorrence-Brooks Square, where, in the 1948 campaign, he brought cheers of approval from a crowd of 65,000 when he said he would fight for his civil rights program "with every ounce of strength and determination I have."

Gen. MacArthur
Ballot In Court

OLYMPIA, Wash. (AP)—The Supreme Court of the state of Washington has been handed the question of whether the name of Gen. Douglas MacArthur shall remain on the state's ballot as a candidate of the Christian Nationalist party for president of the United States.

The legal move was taken yesterday by Republican leaders who fear that the general's name on the ballot may cost them enough votes to lose the state for Gen. Dwight D. Eisenhower, Republican presidential nominee.

It has been predicted that the race between Eisenhower and the Democratic nominee, Gov. Adlai Stevenson, will be very close in Washington. Republicans have made no attempt to hide their fears that MacArthur would draw votes from Eisenhower and not from Stevenson.

The action filed yesterday asks that Secretary of State Earl C. Warren be prohibited from certifying the general to county auditors as a candidate. The court instructed Cose to appear Oct. 14 to show cause why he should not withhold the general's name.

The entire nine-man court will hear the arguments. The action contends that MacArthur is not and never has been a member of the Christian Nationalist party and inclusion of his name on the ballot will "confuse and mislead" the voters.

MacArthur thus far has not made known his views on the matter. The party has placed his name on 19 other state ballots.

City Of Chicago Sued
For Damage To Ship

CHICAGO (AP)—The Petoskey, Mich. Transportation Co. has sued the city of Chicago for \$8,000 damages, claiming that its steamer ran aground because a Chicago river bridge opened too slowly.

The suit was filed in U. S. District Court here yesterday. Besides claiming that the bridge opened too slowly, the company charges that the tender of the Kinzie street bridge failed to keep a proper lookout.

Gov. Williams Links
Up Alger With Fraud

(By The Associated Press)

Democratic Governor G. Mennen Williams claims that while his Republican opponent, Fred M. Alger Jr., campaigns against corruption he actually "collaborated in a gross attempt to defraud the state."

As Williams made his accusation yesterday in a swing through Berrien County, Alger declared at Pontiac that "the American worker should never be denied the right to work, or not to work, as he sees fit."

Labor Policy Outlined

Alger now secretary of state, also said in what was listed by aides as "a major speech" on labor policy:

"No law should in any way inhibit union security measures such as closed shop or union shop, or such procedures as cross-check in lieu of elections, and the check-off to facilitate the payment of union dues. x x x They are, to put it bluntly, the business of unions and not the business of government."

Governor Williams, in making his charge against Alger, said that the State Public Service Commission unearthed evidence that trucks "operated by the former Republican chairman of Berrien County appeared to have been fraudulently licensed."

Because "this was Republican corruption," Williams said, "my opponent went into a friendly huddle with his erring brother from Berrien county." He said the GOP ex-chief agreed to pay the state \$2,400 in restitution and Alger refused to prosecute.

"I could not understand the difference between Republican misdeeds and Democratic misdeeds," Williams said, adding that further commission investigation brought forth evidence of "widespread, felonious fraud upon the state," including the falsification of truck weight slips with a "phony signature" in Alger's files.

Operators Fined

Williams claimed that Alger, the Republican attorney general and the Republican Berrien County prosecutor refused to act until the governor addressed to Alger "a series of questions he couldn't answer."

Then the attorney general called a grand jury, Williams said, which resulted in three truck operators paying fines and costs of \$2,500 each and making nearly \$12,000 restitution to the state.

Williams said Alger was "informed of the gravity of this case before he made the deal to avoid prosecution," that he possessed written evidence a "major fraud" existed, knew that his files contained forged weight slips and other evidence.

Grader Runs Wild
In Detroit; Wrecks
Home, Kills Driver

DETROIT (AP)—A huge 18-ton earth moving machine, which crushed its driver to death, ran wild through suburban Allen Park yesterday and finally roared into the living room of a house.

Between the machine and an explosion that followed because of broken gas lines, the house was all but destroyed, but fortunately no one was at home at the time.

A fireman and a policeman were seriously burned in the explosion and two other persons were seared.

The driver of the gigantic machine was Herbert Leo Howard, 26, of suburban Wayne, father of three.

Witnesses said they saw Howard slump and fall beneath the big wheels of the machine.

Before it reached the house it plowed into, it knocked the rear off a garage and bowled over a fire hydrant. The demolished home was owned by Edward Eastberry, 40. He was away and his wife and 18-months-old son had just gone to visit relatives.

Plotters Arrested

Death Toll 106
In British Wreck

HARROW, Eng. (AP)—British Railways announced today that a total of 106 persons—including five Americans—died in Wednesday's triple train crash here. Five of the victims still remained unidentified.

The official announcement revised earlier estimated totals that had ranged as high as 114.

Three other U. S. citizens were among the 151 injured. Of those hurt, 87 are still in hospitals.

Workmen today began removing the last of the wreckage—the locomotive of the Scotland to London express that smashed into the rear of a jam-packed commuter train, throwing cars into the path of a third train.

Treasury Halts
Red Extortion;
Families Slain

By FRANK O'BRIEN
WASHINGTON (AP)—Treasury law enforcement officers think they have beaten down Communist extortion of "blood money" from Chinese in this country—but at a cost of many lives.

An enforcement official said the indictment yesterday in San Francisco of the Min San Trading Company and its manager, Tom Hancock, charged on 17 counts of violating foreign assets control regulations by sending \$161,843 through Hong Kong to Red China, would be followed by a number of other similar cases.

Relatives Get Threats

The official, who asked not to be named, declined to say how many such cases have been placed in the hands of U. S. attorneys. But he said they are scattered across the country, and not confined to New York and San Francisco where there are big Chinese communities.

He gave a glimpse into a somber struggle between Treasury law officers and Chinese caught between the millstones of the law and fear for loved ones in the old country.

Communist Chinese worked the extortion racket by sending letters to Chinese in the United States saying friends or relatives in China would be tortured or killed, or both, unless a certain amount of money was sent to a specified person.

Runs Into Millions

Chinese here sent millions of dollars. An enforcement officer said as much as one million dollars or more in blood money was going from the United States to Red China every month in late 1951.

Then the Treasury stepped in. It ordered a halt to remittances of any money for any purpose to Communist China.

Chinese in this country were told that sending money would only encourage the Reds to demand more, and in the long run would not save their people.

"They finally came around to our view," an enforcement official said. But, he added: "We know of cases where we persuaded people not to send, and their families were killed."

Former Japanese
Princess Wedded;
Sets Precedents

TOKYO (AP)—Former Princess York, who became a commoner yesterday when she married a wealthy gentleman farmer, set precedent a few hours after the ceremony by granting newspapermen an interview.

She told them she wants three children.

Her husband, Takamasa Ikeda, 25, son of a former nobleman, put in a word. He said he wanted only one.

The 21-year-old daughter of Emperor Hirohito also shook up tradition by laughing gaily at the interview. Before World War II, it was bad form for a bride to smile at other men. To laugh with them was just never done.

Thousands of couples were married throughout Japan yesterday so they could have the same wedding anniversary as the former princess.

In one of these, Ojio Yamamoto, 29, a wrestler weighing 396½ pounds, married Miss Tomiko Ishida, 22, weighing 82 pounds.

Harvest This Year
To Break Records

WASHINGTON (AP)—The Agriculture Department expects this year's harvest to be the second largest on record.

The department yesterday revised its Sept. 1 estimate upward nearly 2 per cent, making it only 3 per cent below peak production in 1948.

However, forecasts included 345,561,000 bushels of potatoes, short of the 350-million-bushel minimum the government said is needed to avert another shortage in the spring.

Michigan's crop harvest, was estimated at:

Corn—48 bushels per acre with a total production of 80,688,000 bushels.

All wheat—26.5 bushels, total production 38,186,000 bushels.

Oats—33 bushels, production 50,985,000.

Barley—29 bushels, production 2,378,000.

Soybeans for beans—20 bushels, production 2,320,000.

Sugar beets—11 tons an acre, total production 539,000 tons.

Apples production total only—5,616,000 bushels.

Potatoes—185 bushels, production 10,750,000.

South Koreans Again
Pushed Off Slope Of
White Horse Mountain

By STAN CARTER
SEOUL (AP)—Chinese Reds swept back up the north slope of White Horse Mountain through intense Allied tank and warplane fire today and pushed weary South Koreans off the crest in savage hand-to-hand combat.

Far to the north, U. N. Sabre jet pilots shot down six Communist MIG jets.

Changes Hands 20 Times

The battle for strategic White Horse, dominating the Chorwon road net into South Korea, passed its 70th hour of almost continuous fighting. The hill has changed hands more than 20 times.

Ninth Division South Koreans, whose motto is "stay, fight!" were making a new stand only 200 yards from the crest.

Reports from the front were sketchy. It was not known whether the attack was made by 16,000 Chinese troops which earlier had been reported massed for a fresh assault.

Enemy Encircled

The Chinese launched their attack at 4:15 p. m., and won control of the crest at 6:30 p. m.

The South Koreans, in a bold maneuver, had won the hill only a few hours earlier at 12:30 p. m. They circled White Horse below the crest, charged from all sides and killed or drove off all but two small pockets of Chinese.

Tanks manned by South Koreans rumbled into the valley that winds north of White Horse. They turned their big rifles on a nearby hill which the Chinese had used as a springboard for assaults on White Horse.

But the maneuver did not stop the Reds for long.

Before launching Operation Iron Fist that won back White Horse, the weary but determined ROKs fought off seven fanatical human-wave attacks against their positions on three slopes of the hill. They routed the bugle-blowing, screaming Chinese in fierce, close-quarter fighting.

The South Korean hit-run raid on the hill north of White Horse blocked off Red reinforcements.

Stand On Truce
Proposed In UN

UNITED NATIONS, N.Y. (AP)—Ambassador Ernest A. Gross says the United States will seek a U. N. policy declaration on the Korean prisoner of war issue—main stumbling block at the Panmunjom truce talks.

The American representative to the United Nations disclosed this yesterday at a luncheon of the U. N. Correspondents Association.

Gross did not go into detail, but informed quarters said the U. S. wants the U. N. General Assembly, which opens here next Tuesday, to give its formal approval of the stand taken by the Allied negotiators against forcible repatriation of prisoners.

The ambassador said the U. S. will oppose any effort to transfer the Panmunjom armistice talks to the U. N. headquarters here. He said the U. S. also would oppose any Soviet move to bring North Korean and Red Chinese representatives into the Korean discussions at the U. N.

Secretary of State Dean Acheson is expected to lead off the general policy debate on the Korean issue—one of the major questions facing the 60-nation General Assembly—with a full outline of the American position. He also is understood to be planning to take over personally the spot after the table from Soviet Foreign Minister Andrei Vishinsky in the assembly's important Political Committee.

TOWSON, Md. (AP)—Clarence Wright, 103, appeared in court here yesterday charged with striking a 65-year-old woman in the head with a lead pipe in an argument over a bicycle.

The state refused to prosecute after the centenarian told the court he had never before run afoul of the law.

Wright was sent to Spring Grove State Mental Hospital for a check-up.

Farmers In America
Wretched, Starving,
Says Moscow Radio

WASHINGTON (AP)—Most American farmers, says Moscow, are "living a wretched and semi-starved existence."

This report was given by the Moscow radio to the Russians in the latest of a series of broadcasts on the Communist version of the American way of life.

Moscow's report of farm life in the U. S. was reported today by U. S. government monitors.

The report started out by saying "American propaganda spreads lies about the high standard of living among the American farmers, and deliberately gives false statistics on average income rates to try to hide the real condition of the bulk of the American farmers who are living a wretched and semi-starved existence."

"As the result of the constant enrichment of bigger companies and the ruin of small farmers, in the period from 1935 to 1950 alone, 1½ million small farmers and

New Job Goes To Her
Head; Husband Wields
Gun To Demote Wife

NEW YORK (AP)—Tessie Brennan's brief reign as forelady in the blouse factory is at an end. It's back to a sewing machine for Tess.

Her husband Tom, 42, stormed into her Brooklyn domain Thursday and threatened owner Samuel Rosenglick with a gun "if you don't take my wife off as forelady."

Brennan told police later: "The job of forelady is going to my wife's head. She's making too much money."

Brennan was held today in \$1,500 bail for a hearing Oct. 20 in Brooklyn Felony court on assault and gun-toting charges. He apologized to Rosenglick and the boss replied:

"To keep peace and a happy family in my factory, I'm going to get another forelady. I'm going to do what you asked—give her the old job back at the machine. She can do anything in the factory that she wants, but she can't be forelady."

So Tessie, 43, goes back to the machine where she started 11 years ago. And her forelady's salary of \$59 a week shrinks back to \$50.

"We're a happy bunch and we want to keep it that way," sighed Rosenglick.

Spend-And-Tax
Regime Flayed
By Eisenhower

DENVER (AP)—Gen. Dwight D. Eisenhower paused today for a brief recess in his hard-driving campaign after lashing what he called "the prevailing political practice of divide, exploit, tax, spend and rule."

Speaking last night in the Mormon Tabernacle in Salt Lake City, the GOP presidential candidate again called for a middle-of-the-road leadership to "keep in balance the twin ideals of security and of liberty."

Outlook Promising

After this speech, he flew to Denver to rest over the week end before setting out Monday for a swing that will carry him on his third drive into the Southland—with special attention beamed on Texas.

Rep. Hugh Scott (R-Pa.), former GOP national chairman, told a reporter he thought Eisenhower was "holding his own" in the campaign and the outlook still appeared promising for his election.

"He has lost some of the extreme liberal support," Scott told a reporter. "But he has gained more conservative votes to offset this loss. I think we'll see a gradual gain ahead."

Too Long In Power

Eisenhower came to Salt Lake City from a quick sweep through Arizona and New Mexico. His reception was warm but not as boisterous or as big as those he had received in California.

He launched into an assault on the Truman administration in the first sentence of his speech. He said after years in power it "doesn't know where it is going, is afraid it won't get there and is sure it wouldn't know what to do if it arrived."

Slamming at the party he said has been "too long in power," the general referred to the Democratic theme song—"Don't Let Them Take It Away."

Too Many Bosses

He said: "If that had been the theme song of your pioneer forefathers (Please Turn To Page 6, Col. 9)

Airforce Orders
1500 More B47s

SEATTLE (AP)—A letter contract calling for nearly three years continued production of B47 medium jet bombers has been received from the Air Force, Boeing Airplane Company announced today.

At current rate of production this could mean the Air Force will take delivery of upwards of 1,500 more B47s. The new contract extends Stratofort operations at Wichita, Kan., to mid 1955.

Boeing officials said Thursday they are producing more than one of the 600 mile-an-hour swept-wing, six-jet planes each working day and that more than 300 already have been delivered to the Air Force.

The company said additional Stratofort deliveries are to start early next year from two other plants. They are the Douglas Airplane Company at Tulsa, Okla., and Lockheed Aircraft Corp. of Marietta, Ga.

Ensign Farmer Suicide Victim

A 53 year old Ensign man, Milton Johnston, shot himself to death in despondency "over financial problems" in a woodshed on his farm yesterday.

Death was inflicted with a 45-90 Winchester rifle. He reportedly placed the barrel of the gun in his mouth and pushed the trigger with a stick. He died instantaneously.

Coroner Otto S. Hult of Gladstone pronounced death by suicide about 1:30 p. m. Friday.

The gunshot was heard in the farmhouse by his sister, Fern Johnston, with whom the dead man lived.

Investigating officers of the county sheriff's department and the Michigan State Police were told that Johnston had been brooding over financial troubles and had been in ill health for some time.

He was born Oct. 9, 1899 and was a lifelong resident of the Ogontz community. He was unmarried.

Surviving him are three sisters, all of Ensign: Fern Johnston, Mrs. Oscar Magnuson and Mrs. Axel Magnuson.

The body will lie in state at the Anderson Funeral Home Sunday afternoon. Funeral services will be held there Monday at 3:30 p. m. conducted by the Rev. Karl J. Hammar. Burial will be in the old Ogontz cemetery.

A STORY FOR CHILDREN—Nine Escanaba school children here hear Mrs. Henry Donnelly of 1711 Lake Shore drive tell the story of the stinky old lady who turned into a woodpecker. Remember it? Mrs. Donnelly, who came here a year ago, has been telling stories to children in the Midwest for many years. She began the pastime following graduation from Chicago college of education in Evanston, Ill. Hearing how

one little old lady turned into a bird with a "red head, white apron and black dress" are, left to right, Ronald Norlin, Bonnie Champeau, Billy Moreau, Anne Marie Heirman, Joey La-Crosse, Mary Anne Javurek, Billy Collins, Dianne DeHooghe, Marie Deslongchamps and Tom McMeekan. Christmas Stories Are Favorite Of Children, Escanaba Woman Finds

In spring a young man's fancy is supposed to turn to love, but there's no season on a child's fancy for stories.

So Mrs. Henry Donnelly, of 1711 Lake Shore drive, has found in many years of telling stories to children. They like stories with lots of action, real sounds and much conversation, anytime.

Mrs. Donnelly, a sister of Mrs. R. B. Mitchell of this city, has been telling stories to children in Delta County since she came here a year ago to make her home. Before that she lived in Shell Lake, Wis., and in Minneapolis, and there too she delighted youngsters with fairy stories and other appealing tales.

Uses Puppets

A former kindergarten teacher, Mrs. Donnelly has been fond of children since she herself was a child. She likes to watch their faces, as they imitate her facial gestures and are transported into the realm of fancy by imaginative stories.

She tells of children who actually look into her mouth as she imitates animal sounds in fairy stories, particularly when she describes tigers in the story of Little Black Sambo. Some "pull and pull" when she tells the story of a little girl trying to move a stone. And nearly all imitate her portrayal of the family with crooked mouths.

In telling stories to children, all done in the first person, Mrs. Donnelly uses puppets and whatever "props" and soundmakers are needed. Fairy stories, seasonal stories, and stories with a moral incidental to them are always popular with the children, she finds. Christmas stories go over big—the year around.

Visited Camp Harstad

Mrs. Donnelly regularly visits the orthopedic and upgraded rooms at Escanaba Junior High School twice a month. Last year she told stories for children at Escanaba and Gladstone grade man Jr., Manistique.

Eighteen students in Escanaba Senior High School now are making studies preliminary to entering activity with the EHS debate squad.

The debate teams this year will tackle the question whether or not Atlantic Pact Nations should form a federal union.

The debating squads will be chosen next week, John Romstad, debate coach, said today. Both negative and affirmative stands will be developed by the EHS debaters.

Tournaments are scheduled in Crystal Falls Nov. 22 and in Escanaba Dec. 13. Finals are scheduled in Marquette, tentatively on Jan. 9-10.

Mrs. Jewett, 79, Manistique, Dies

MANISTIQUE—Mrs. Paschal (Veronica) Jewett, 79, River Road, Manistique, died at 3:30 a. m. today at the Wendland Home. She had been ill the past 15 years and was a patient at the Home three months.

She was born, Veronica Shampine, in Grand Rapids Aug. 2, 1873, and had lived in Manistique since 1885. Her husband died July 2 of this year.

Surviving are three sons, Earl, Harold and Claude and one daughter, Mrs. Mae Fiebertz, Manistique, and six grandchildren.

Funeral services will be held at 10 a. m. Monday at the Messier-Broulliere funeral home with the Rev. F. M. Schering officiating. Burial will be in Fairview cemetery.

Boys attending Escanaba Junior High School Wednesday are going to hear about auto designing at a special morning assembly for them. A film on designing will be shown and details of a "talent search" contest will be given. The program is under auspices of the Fisher Body company.

It didn't seem to make any difference though, for they listened and responded just like American children," Mrs. Donnelly recalls.

Again this year, she will be telling stories to children in Delta County schools, including those in the special education rooms.

Teachers report children await the coming of "their story lady," whether she comes for 10 minutes or an hour. Last Christmas Mrs. Donnelly put in one of her longest "story-hours" when Santa was late for the school Christmas party. She told story after story for more than one and a half hours. When she finished, the children had forgotten Santa was on his way!

Another Polio Case Reported

A new polio case, which brings the total in Delta County to 48 since Aug. 9, was reported from Gladstone today.

Mrs. Albert Tiberghien, 31, of 1402 Wisconsin avenue, was taken to St. Luke Hospital in Marquette by ambulance Friday afternoon for treatment of polio.

She has involvement of the back and neck muscles.

Since Sept. 23 only two new cases were reported in the county, the last on Oct. 1, when Wayne Sharkey, three-year-old son of Mr. and Mrs. Kenneth Sharkey of Rapid River, was taken to Marquette for polio treatment.

Upper Michigan has had 126 cases of polio this year, and of these five were fatal.

Over 100 Attend U. P. Public Health Meet In Marquette

More than 100 Upper Michigan public health nurses and interested lay persons attended the annual meeting of the U. P. Public Health Nurses association in Marquette Friday.

Miss Irene Larson, of the Delta-Menominee Health department, presided at sessions, which included a dinner meeting at which Dr. John Nicholson of Marquette spoke on the relation of good health to vision.

During the afternoon a panel discussion on lay participation in health programs was held with Mrs. W. P. Chamberlain of Marquette as moderator.

Mrs. Mary Gray, of Iron Mountain was elected president; Mrs. Marion Fee, of Marquette, vice president; and Miss Lucille Savage, of Menominee, secretary-treasurer.

Those taking part in the panel included Mrs. C. L. Riegel, of Escanaba; Mrs. Leonard Winling, Mrs. Fred Weisert, Mrs. Barnett Mills, Mrs. Mike Farrell and Mrs. Richard Powers of Escanaba also attended.

Health department nurses attending were the Misses Irene Larson, Phoebe Anderson, Anita Kotila, Hilma Asikainen, Lucille Savage and Irma Bruemmer.

Miss Cora Peltier, Escanaba school nurse, and Miss Elizabeth Nelson, nurse for the Gladstone schools, also were at the meeting.

HOME FROM SCHOOL—Handicapped children attending class in the Escanaba special education rooms get an assist from Mrs. Harry Bichler, of 422 Ludington street. Mrs. Bichler, whose daughter Joan was left handicapped after poliomyelitis, has been riding youngsters to school since 1942. Every schoolday she picks up seven to eight youngsters, brings them to classes, and then rides them home after school. With her you see (left to right) Tom McKeehan, Marie Deslongchamps, and Mary Ann Javurek. (Daily Press Photo)

Escanaban Enjoys Giving Rides To Schoolchildren

Ever wonder what youngsters talk about on their way to school? Mrs. Harry Bichler, 422 Ludington street, says they talk about school. She should know, too, for since 1941 she has been taking six to eight Escanaba crippled children to school daily.

Mrs. Bichler, who is the mother of four children, started bringing handicapped youngsters to classes

when her own daughter, Joan Ann lost the use of her legs after polio.

Since Joan, now a sophomore, started school anew in Sept. 1941, the Escanaba woman has called for other crippled children at their homes each morning, and has brought them home at night.

Each day she drives about 14 miles around the city with her carload of children, who range in age from five to 10.

Besides talking about school she finds the youngsters like to sing as they ride to and from class. "They're very happy little children," Mrs. Bichler has noted.

In her trips from Stephenson avenue and Southside homes to the Junior and Senior High Schools, Mrs. Bichler has become attached to the children who ride with her and Joan. She helps them get in and out of the car, up steps into school, and with their crutches and braces.

Parents of children who ride with Mrs. Bichler often chat with her and exchange views on problems. "I know what it is to have a crippled child," she observes. Often they just join with her in praising the Escanaba Schools for their efforts to help handicapped children.

The Escanaba Rotary club defrays gasoline and other car expenses incurred in transporting the children, Mrs. Bichler states.

Religion School Begins Monday

The fourth session of the Confraternity Adult School of Religion, which seeks to provide a theology for Catholic laity, will open in Escanaba at Bonifas auditorium Monday, Oct. 13, beginning at 8 p. m.

Father Charles J. Carmody, of Garden, will be instructor for the sessions in the auditorium near St. Joseph's Church.

Father James F. McNaughton of St. Ann Church will be instructor for northside sessions in St. Thomas the Apostle Church hall. Sessions there begin Friday, October 17, at 8:30 p. m.

The adult school of religion is under direction of the Marquette Diocesan Confraternity of Christian Doctrine. The subject under discussion for this term will be "God Our Sanctifier," and will consist of a series of discussions on the sacraments.

Wrote On Temperance

Father Carmody, who holds bachelor of philosophy and master of arts degrees, was born in Chicago and received his early education in Visitation Grammar school and DeLaSalle Institute. His preparatory studies were completed in 1945 at Salvatorian Seminary in St. Nazianz, Wis.

He then went to St. Paul Seminary in Minnesota for philosophical and theological training by the late Bishop Wagner. He received his degrees in philosophy and classical languages there. Later he received his M. A. in American history, after writing a dissertation on Catholic temperance activity in the Northwest.

Father Carmody was ordained June 3, 1950 in Marquette by the Most Rev. Thomas L. Noa. His first appointment was to St. Joseph Church in Sault Ste. Marie.

Community Chest Should Find No Difficulty In Reaching Its Goal

LAST year Delta County reactivated its Community Chest after an absence of two years and successfully attained its goal of \$20,000 to carry on the work of six participating health and welfare agencies.

This year the goal again is \$20,000 and we think that the residents of the county will push the campaign over the top once more.

The Community Chest provides a single fund-raising drive for multiple purposes and as such it eliminates the necessity for duplication of effort. Also it provides an effective means of assuring that agencies requiring public support will receive their needs—but no more. The budgets of participating agencies are carefully examined before the goal is established.

The goal of \$20,000 is not an extravagant one. If the solicitors do their job properly and if the public fully recognizes its own responsibility, it should be comparatively easy to meet this goal in a campaign of not more than a couple weeks.

The agencies that benefit from the Community Chest are agencies whose good works are well known. They are the Boy Scouts, Girl Scouts, Campfire Girls, Salvation Army, Michigan Children's Aid and the Cod Liver Oil Fund. These agencies have been contributing to the health and welfare of Delta County families for many years and they are doing a worthwhile job

You Can Lead A Horse To Water, But—

THE Middletown, Delaware, Transcript, recently carried an interesting little item which said: "Regardless of the political promises we are hearing these days, it may soon be necessary for Uncle Sam to reduce taxes in order to increase the Federal income."

"That's right! The law of diminishing returns is really here . . . and it really works. The liquor industry is today's prize example, for, in the first five months after Congress added \$1.50 more per gallon to the excise tax . . . the government has collected, not more, but nearly \$176,000,000 less!"

You need not be concerned with the welfare of the liquor industry to see the significance of this. It's easy enough for Congress to impose any tax on any commodity or service, no matter how exorbitant. But Congress can't stop people from cutting their buying of that commodity or service to the bone.

A similar situation occurred some years ago in the case of the capital gains tax. Congress lengthened to 18 months the period of time a man had to hold securities and the other kinds of property to which the tax applies before he became eligible to apply it to his profits. Within a relatively short time government revenues from this tax dropped to less than nothing—they were actually offset by capital losses. Then the holding period was reduced to 6 months—and revenues zoomed.

The old saw that says you can lead a horse to water but you can't make him drink applies here. When taxes are excessive, everyone naturally avoids them to the greatest possible extent. And in the long run, all concerned lose—including the government.

The huddle system isn't confined to football—being well known in some apartment heat plans.

On Ohio man followed his runaway wife 1200 miles—reminding us of how far some fighters go in the ring.

Aunt Molly Harmsworth says that it's a sure fore-runner of a storm when a man fails to notice his wife's new hat and just asks the price when that hat is called to his attention.

What We Owe to St. Matthew By WILLIAM E. GILROY D. D.

The Gospel by St. Matthew, the first in our New Testament, is distinctive in that it offers much that is lacking in the other three Gospels and in the consolidated and well-arranged way in which it has presented the teaching of Jesus.

It is doubtful, for instance, that the passage that we call "The Sermon on the Mount," which takes three solid chapters, 5th, 6th and 7th, in Matthew, was all delivered at one sitting, though St. Matthew opens it with Jesus going up to the mountain and closes it with Him coming down. The same teachings in Luke's Gospel are in a different setting and are not all in one passage. The Lord's Prayer, for instance, which is in Matthew 6, is in Luke 11, and in Luke's Gospel is apart from much that corresponds to the Sermon on the Mount, as in Luke 6:20-38.

As presented by Matthew, the collected sayings of Jesus become a charter of Christian faith and practice, the constitution of the Kingdom which Jesus proclaimed. It is here that Matthew's Gospel excels, as Luke's excels in the Christmas story and in the wonderful recording of the Parables of Jesus, particularly the Parables of The Good Samaritan and The Prodigal Son.

Another distinctive and important contribution of the Gospel by Matthew is the

that needs to be done.

It costs money to support these agencies and that money can only come through the generosity of people who appreciate the work of these agencies.

Remember when the solicitor calls that you are being asked to give for six agencies, not simply one. Donations of \$1 will not reach the goal that must be attained to keep the Community Chest in operation.

Here's Program For Township Roads

THE program outlined by Supt. Wm. Karas to township supervisors for improvement of township roads proposes a cooperative effort by the Delta County Road Commission and the townships for a road program that is urgently needed.

Under the terms of the program which the township supervisors have approved, 240 miles of township roads would be resurfaced in a five year period. The townships would contribute a total of \$60,000 per year for the five year period.

The program, of course, is subject to approval of the township boards and the proposal recognizes that an agreement entered into by a township board cannot legally bind succeeding township boards.

However, the need for road improvements in the townships is general and it is urgent. There simply have not been sufficient funds available in the past to do the road maintenance work that was needed in the townships, let alone road resurfacing.

The unanimity with which the township supervisors approved the plan in principle Thursday indicates that the township boards probably will view the project with sympathetic consideration. The supervisor, of course, has a big voice on township boards.

Assuming that the townships can find the financial means necessary for their share—and we presume that they can or the supervisors would not have assented—the project proposal offers some genuine hope that the poor condition of many of the township roads will not be permanent.

NEW LIQUOR LAW TEETH (Marquette Mining Journal)

A case in Marquette's municipal court brings to light new teeth in the state liquor law which, if police take full advantage of it, may help materially in checking youth crime and delinquency as well as reducing the number of automobile accidents.

Under an amendment in the Michigan liquor law police are empowered to arrest minors found to possess intoxicating liquor in automobiles. In the Marquette case an 18-year-old youth, arrested by city police for having a bottle of whiskey in the car he was driving, was sentenced to serve five days in jail and ordered to pay \$7.10 court costs.

Until the law was amended police could not arrest a minor for possession of liquor in a car. Now such a person can be arrested and brought into court regardless of whether he has consumed any of the liquor. Simple possession of liquor in a car by a person under 21 years of age is a violation of the law.

It is well known liquor is a factor in much of the youth crime and delinquency that are growing increasingly serious and shocking. Not a few automobile accidents are caused by intoxicated youthful drivers. For some time The Mining Journal has been hearing reports that youths, riding in cars, have used Presque Isle, Shiras Park and other "convenient" places in and near the city as places for beer parties. This sort of thing has been a thorn in the side of law enforcement officers, who have been the target for criticism by persons who can't understand why the police don't "do something about it." One reason is that the police have not had a legal tool with which to work. Mere possession of liquor in a car by a minor was not something for which the minor could be arrested. It is different now. The police have a new weapon which, if used consistently, should be effective.

Merry-Go-Round

By DREW PEARSON

ABOARD THE PRESIDENT'S TRAIN—Some people have seemed quite surprised to learn that I was aboard Mr. Truman's train. One lady in Utah remarked: "Do you really mean that the secret service let you on the train? I should think they would fear for the President's life!"

However, it's very difficult to hate Harry in this, the twilight of his last term. Whether you agree with him or not, you have to admire the courage of a man who, at the age of 68, is up-early-and-out-late making eight to ten speeches a day for a cause he so fervently believes in.

This, I believe, will rate as a history-making trip, and I am glad to be aboard regardless of whether Harry loves-me-or-loves-me-not.

People have become so accustomed to seeing Mr. Truman whistle-stopping round the country that they don't realize just how historic his trip is. Never before in recent history has any outgoing president of the United States gone out and hit the hustings so vigorously for the men who may succeed him.

When Calvin Coolidge was about to step down in favor of Herbert Hoover, he did not lift a finger to help Hoover's election. Calvin stayed in the White House and sulked. When Franklin Roosevelt ran for the first time in 1932, Al Smith, his predecessor in Albany, did not bestir himself. When Teddy Roosevelt was succeeded by Taft in 1908, he worked for Taft, but at nowhere near the pace set by Harry Truman.

NATURE'S TURNOUT

No, this trip, averaging eight to ten speeches a day made on behalf of a man who didn't really want Harry to campaign for him, is definitely historic.

And if the folks along the way haven't always realized that history is being made, everything else seems to have turned out in full force to pay tribute to Harry Truman's last transcontinental whistle-stop. Never were the prairies more beautiful, the red peaks of the Rockies more majestic, the herds of Nebraska sleeker, the aspens of Colorado more yellow, Utah alfalfa greener and Iowa corn more golden than on this farewell to the scrappy, sometimes injudicious President of the United States.

Even the weather, which has not always smiled on Ike Eisenhower, has been kind to Harry. No rain has marred his crowds or dampened his spirits.

As a matter of fact, I don't think anything could dampen Harry's spirits. I have watched General Eisenhower look grim and weary after a few days of speaking. But Truman, aged 68 against the General's 62, not only looks younger than the general, but seems to get younger the more he speaks.

A CHANGED TRUMAN

It's a somewhat changed Harry Truman, however, that's making this trip. Harry Vaughan, the bemedaled military aide (my pal) is not along. There isn't a single sign of military brass on the train; no cronies; no poker parties; only a group of young and earnest speech-writers.

This time Harry isn't playing poker, he's playing for keeps. He talks privately about some of the mistakes he's made. He wishes he hadn't made them. He should have fired Howard McGrath months before, he says, and cleaned out the Justice Department so the corruption issue would not have been hung around the Democratic party's neck.

The President's new seriousness has developed as he has watched the approaching spectre of possible Republican victory in November, and realizes that with it, most of the things he has fought for would vanish.

There was a time when he did not think they would vanish, when he felt the General would continue the basic Truman policies. But for days now, as he has read Ike's speeches, Harry has been approaching a slow boil—a boil which spilled over at Oakland, Calif., and Colorado Springs.

That boil was not over Eisenhower alone. It was directed also at Truman's own mistake at trusting the military. No President in years has put so much faith in the military as Harry Truman; no President has appointed so many generals to top civilian positions. Harry liked them, admired them, even gloried in them. But one by one, they have belied his faith.

Franklin Roosevelt made use of many generals, but he knew how to keep them in their place. Truman, on the other hand, ever since Battery D days when he was an obscure artillery captain in the Missouri National Guard, has nursed a secret worship of the brass.

This Ranch Has 250,000 Mice, All Used In Scientific Tests

By RICHARD KLEINER

NEW CITY, N. Y.—(NEA)—If there's one thing they don't like in a murarium, it's people. If there's another thing they don't like, it's mice. Which is rather strange, because a murarium is a mouse house.

But visitors to a mouse house—whether men or mice—could bring in disease germs, and epidemics are the biggest threat to the peaceful, profitable life of a mouse house. For, in their small way, mice can be big business.

At Carworth Farms in New City, one of the biggest mice ranches, they've usually got around 250,000 of the critters carefully caged. At 50 cents a head, there's money in mice. Most of them go to laboratories, for scientific research, but there's a market for special mice for circuses, mouse races and a few are even sold to snake fanciers for food.

Mice are extremely susceptible to diseases, such as mouse typhoid which could sweep through the neat rows of cages like a plague. Few visitors are allowed into the closely-protected breeding rooms. And the buildings are equipped with every precaution to guard against invasions by field mice.

Breeding mice, for example, are inoculated against disease. Cages are sprayed weekly to de-tick the mice. The farm keeps its stock separated, so an epidemic can't completely wipe out the residents. All the buildings are concrete, and the feed storage room is well apart from the cages, separated by thick slabs of concrete.

In addition to the threat of disease, field mice are frowned on at Carworth Farms for another reason. Should stray, romantic field mouse crash the cage of a Carworth mouse maiden, all genetic hob would break loose.

Carworth's mice are the result of years of breeding, to produce a strain that is ideally suited to laboratory experiments. They are extremely susceptible to disease, which is just what the doctors

ordered. The mice are kept in cages, some called breeder boxes and some baby boxes. Until the tiny, pink baby mice are 18 to 24 days old, they live in the breeder boxes with their parents. Then they go to a room where a sexer picks each up by the tail and throws the males to the left and females to the right.

They're packed 25 to a sales box for shipment. Since mice are no good to a research lab after they're seven weeks old, the farm has a race to market them.

Caring for the mice, outside of disease protective measures, is fairly simple. Their diet consists almost entirely of little pellets

into which are crammed their nutritional needs. The pellets contain such tasty ingredients as fish meal, dried beet pulp and charcoal. They also contain the vitamins and minerals the mice need.

Temperature is another problem in a mouse house. The mice are fussy. They wilt if it gets over 90 degrees so Carworth Farms tries to keep a steady 70 degrees, ideal mouse weather.

Mice, as far as Carworth and researchers are concerned, are worth the trouble. They are ideal lab animals. They breed like rabbits, only more so, with an average of 5½ babies per litter and a litter every 21 days. Under ideal conditions, you could start with a mouse couple and, a year later, have 55,000 mice.

Their deft ability at multiplication suits America's scientists, who use plenty in their experiments. At nearby Lederle Laboratories, for instance, something like 10,000 mice a week are used in experimental work such as testing vaccines and sera. Lederle buys about 3000 a week from Carworth.

Most of these are the typical lab mice, albinos. Experimentally, Carworth has produced vari-colored animals, such as a brown one with white spots. But, for lab use, the white mouse is still supreme.

Despite the Farms' pre-occupation with careful breeding, mistakes sometimes happen. Right now, the staff is concerned with the problem of a five-legged mouse which was born in one breeder box. It shouldn't have happened—but you know what they say about the best-laid plans of mice and men.

The only limbs we want to see in our parks are those growing on trees.—Hagerstown, Md., park board chairman Paul Snyder, explaining the ban on shorts in city parks.

THE ONE-ROOM SCHOOL—Today's good schools are the heritage of many years of faith in the concept of education for all the people.

Miss Olive McClinchy, Nahma school teacher, effectively tells this story in a paper written for the Delta County Historical Society and presented at an outing meeting of the Society at Nahma.

"In the olden days, even though Isabella, St. Jacques and Nahma were about seven miles apart, the people knew little of each other," Miss McClinchy writes. "The roads were through forest and over sand plains and traveling was difficult. All roads were muddy in spring and fall and drifted with snow in winter and even neighbors saw little of each other."

From this beginning of public education in Nahma township, with four schools in the township, there eventually came a consolidated school at Nahma, with the children transported there by bus throughout the winter.

The advance in educational facilities brought an end to the one-room schools. But they had served their purpose well.

COMPOSITE PICTURE—Miss McClinchy presents the following word pictures of the one-room schools:

"The first school in St. Jacques was in an old house situated near the old Papi-neau store. Mr. Omer Groleau attended it and there were four pupils. The building was used for church on Sunday.

"There were two months of school and then in the following year it was extended to six months and then to the usual nine months that we have now.

"The men were all employed in logging in the woods. Gradually families settled around the school. As the children grew in number a new school was built. It was the usual one room with a coat room for the boys and girls. A hand bell announced the time when school started, a sad sound to most youngsters.

"The teacher had a busy day teaching eight grades. In the later years she had some sewing classes as a 4-H Club was formed.

"Many Indian children went to this school, walking all the way from Indian Point. Needless to say attendance was poor."

Miss McClinchy gives the following word picture of the old one room school at Isabella:

"This one was built exactly like the St. Jacques school—one large room, coat rooms, and like it had double desks. It was heated by a large stove and wood was the only fuel.

"No janitor was employed so the teacher had to sweep after school, dust, and see that everything was in order. Many times she had to make the fire in the morning before school opened. Often the pupils would help. A great reward was the privilege of ringing the bell.

"At the Bay Shore school and the other two the drinking water came from wells and was carried into the school in a pail. A common dipper was used by all. The blackboards were just that—boards painted black. There were no musical instruments in use."

THE GOOD TIMES—Despite the absence of drinking fountains in corridors, flush toilets, steam heat, and musical instruments, the students and the people of the communities used and enjoyed their schools.

"Christmas programs were presented by the schools and held on different nights so everyone could enjoy them. There was rivalry to see which school would have the best program. Parties and spellidowns also were held.

"The teachers boarded with a family. Teachers at the Bay Shore school found Ma Vinette's a popular place to stay. No one could be lonesome around this fine woman. If the roads were too muddy or the snow too deep, she would hitch up 'Old Fan' and ride the teacher to school."

THE CENTRAL SCHOOL—Nahma is the largest community in the township, the center of industry, and now the center for education with its consolidated school.

A high school was added and the first graduating class was in 1931. The Seniors present a play and give a dance each year. Last spring the Nahma basketball team won the Class D State Championship.

The school has sound movies, inter-communication system, slide projector, manual arts shop, library facilities, athletic equipment—and four pianos. Students join in extra-curricular activities and there is a strong PTA. Miss McClinchy reports.

"Much of the school's success is due to the active interest of the school board members, Rudie Jehn, Dave Phalen, Bill Vinette and William Acker. The people of this township are interested in the school. We hope the school will flourish and expand in the future as it has in the past."

Power With Words

By Dr. C. E. Funk

Halibut, hollyhock, halloween, and holiday, all have one thing in common. All are holy. But halitosis (HAL-i-TOH-sis) does not share with them, though many a saintly man does have halitosis, which means foul breath.

Halibut (HAL-i-but) is, of course, a fish, and, being a flounder, it was formerly called a but, along with all other flounders. Then, because this fish occurred in great quantity along the English coast, it was one of the cheapest of fish in the market and, therefore, was the one most commonly served on Fridays and other holy days when England was a Catholic country. For that reason it was known as the holy but, altered in time to halibut.

It does not require much explanation to show that holiday, now any respite from work or school, was once holy day, a day set apart for some religious celebration.

Your luck may be bad, but a sister in Indiana made a hole in one and it was on the wrong green.

Again we read about speechless dinners. It was nice knowing you, Pat and Mike.

Miss Rita Perron, Henry L. Sauers Exchange Vows

A white ballerina length gown of imported Chantilly lace and nylon net was worn by Miss Rita Denise Perron, daughter of Mr. and Mrs. William J. Perron of 623 S. 8th St., for her marriage today to Henry Lawrence Sauers Jr.

The vows were spoken before Father Stephen Schneider, O. F. M., at 9 a. m. nuptial high mass at St. Joseph's Church in a setting of palms relieved by bouquets of white and yellow pompons on the altar and two tall standards of all white chrysanthemums and baby mums at either side of the entrance to the sanctuary.

Matching lace formed a point on the skirt of the bridal gown and fell gracefully over the hips and down the back. Complementing it was a lace jacket with a Peter Pan collar. The bride's fingertip length veil of imported illusion was secured by a cap of seed pearls. She carried her First Communion prayer book in a covering of imported Chantilly lace and maline on which rested a single lavender orchid with white satin ribbon streamers.

Matron of Honor
Mrs. Roger Murray, matron of honor, wore a ballerina length gown of mint green nylon with a bolero and white lace elbow length gloves. Her ballerina type bouquet of the fall shades of pompons, rust and golden yellow, matched the flowers in her hair.

Mr. Murray was best man for Mr. Sauers who is a son of the senior Henry L. Sauers of 520 S. 8th St. Seating the guests were John Coleman Walch and Francis Lewis.

Mrs. Perron attended her daughter's wedding in a dress of silver grey faille with which she wore pink accessories and a corsage of orchid lilies. Mrs. Harry Kintz of Pasadena, Calif., the bride's grandmother, wore lime green with matching accessories and a corsage of red roses.

St. Joseph's Choir sang the music of the wedding mass with Miss Alice Cossette, organist, playing the processional and recessional. Before the service Mrs. Ray Olson sang "Ave Maria" and at it close Janet Bink sang "On This Day."

Home In Rhinelander

The wedding breakfast was served at the Dells and the reception this afternoon from 2 to 5 is being held at the home of the bride's parents with Miss Louise St. Martin, Miss Louise Roberge and Mrs. Lester Ness pouring. Centering the bride table is a miniature fountain encircled with autumn flowers. Pompons and baby mums in fall shades form the decorative theme throughout the home.

The young newlyweds who did not reveal their honeymoon destination will live in Rhinelander, Wis. The bride, a graduate of St. Joseph's High School, is a supervisor for the Michigan Bell Telephone Co. Mr. Sauers is a graduate of Escanaba High School and Michigan State College. His fraternity is Delta Tau Delta.

Here from away for the wedding in addition to the bride's grandmother are Mr. and Mrs. George Farenbach, Mr. and Mrs. Al Vandenberg and Miss Mae Sauers of Chicago and Mr. and Mrs. Lawrence Groos of Gladstone.

Protect Your Personal Beauty With Daily Use of Mouth Wash

By ALICIA HART

Bad breath is one of the most destructive enemies beauty can have. It makes an observer forget that your hair is perfectly coiffured; your grooming impeccably arranged.

Since you never can know when you may offend, take every precaution to protect yourself against the possibility.

When you get up in the morning and when you go to bed at night, finish your tooth-brushing ritual with a thorough mouth washing. Then, after every meal, rinse your mouth out again.

One concentrated mouth wash, in red liquid form, is especially effective in keeping your mouth feeling fresh and clean. It is available in a light, easy-to-handle and carry plastic squeeze bottle, as well as glass bottles of various sizes. All are economically priced.

Two drops of the liquid in one-quarter glass of warm water will take away any harsh taste of bad breath, even if it is caused by particularly spicy foods.

Keep a bottle in your desk, at home and in your purse. Carry the plastic bottle with you whenever you travel, too. You won't have to worry about breakage or leakage.

Economical and refreshing.

Keep your breath smelling sweet and fresh with the help of an effective, quick-acting mouth-wash preparation.

There's no doubt that this preparation is a safe and convenient item for you to have with you wherever you go. Mouth wash should become an irreplaceable part of your beauty care.

Holiday Decorations Topic Of Club Address Wednesday

A program of interest to every woman will mark the opening meeting of the year of the Escanaba Woman's Club Wednesday, Oct. 15, at 2:30 p. m. in Westminster Hall of the First Presbyterian Church.

The speaker will be Mrs. Carl S. Hofstetter, decorating coordinator for a large department store in Milwaukee. Her topic will be "It's All in Knowing How" and it will cover table and house decorations for two important near-future holidays, Thanksgiving and Christmas.

New members of the Woman's Club will be honored at the meeting. They are the Mesdames M. A. C. DeDruyer, Benjamin Johns, Lee Hendricks, George Mansur, Arthur Kamrath, Roger Schultz, Walter O'Brien, W. S. Eckstrom, D. E. Brackett, John Edick, Matt Fausner, Merle Hartman, Robert Henderson, J. R. Lowell, Dana Peck, George Stuart and T. R. Padgett.

Mrs. Earl Brown is chairman of the hostess committee which includes Mrs. John J. Bartella, Mrs. A. V. Aronson, Miss Margaret Dwyer, Mrs. J. H. Ivens, Mrs. Roy E. Hebert, Mrs. Harold P. Lindsay, Mrs. Barnett Mills, Mrs. John Luecke, Mrs. Carl Benzinger, Mrs. Henry G. Olson and Mrs. Merton Jensen and Mrs. John L. Greene.

AS WE LIVE

Leave Mother-In-Law Home But Plan For Her Evening

By Elizabeth B. Hurlock, Ph.D.
It's hard for older people to be satisfied with the companionship of others their own age. But they don't fit well in groups of young people. That is the problem facing this young woman!

(Q) "My 65-year-old mother-in-law lives with us. I ask her to visit friends her own age, but no, she wants to go with us. One night when we went out and left her, she said, 'Well, I'll entertain myself. My husband was so upset that it spoiled our fun. Our friends are younger and we have different things to talk about, but she doesn't care. She talks about things and places we know nothing about. She repeats things and bores everyone. Should we be expected to take her wherever we go?'"

(A) No, but you should plan for her so that she won't be lonely when you and your husband go out with your friends.

Old people are far less capable of planning their social lives than young people are. They need help and encouragement, otherwise they crawl into their shells and live within themselves. This isn't good for them. Try to prevent your mother-in-law from doing this.

Why not take her with you when you go shopping or around the community for household matters? This will give her a change of scenery and a chance to talk to people when you meet them on the streets or in the stores.

When you invite some of your women friends to your home in the afternoon, ask those who have mothers to bring them along. It would be pleasant for them and it would help your mother-in-law build up a circle of friends her own age.

When you and your husband want to go out alone in the evenings, why not ask one of your mother's friends to come to your home for supper and to spend the evening with her? Prepare their supper before you leave, have a special treat at the table, and make a festive occasion for the old ladies. Then your mother-in-law won't feel neglected and your husband won't feel guilty about not taking her along.

If you have a personal problem, write Elizabeth Hurlock in care of this newspaper.

Home Nursing Classes Will Open Here October 15

Mrs. Norman Anderson, American Red Cross nursing services chairman for Delta County announces that a Red Cross home nursing instructor course will be held in Escanaba beginning Oct. 15. Miss Maybelle Sacher, mid-west area nursing services director, will teach the course to prepare volunteers to teach home care of the sick to interested people of this community.

Nearly every sick person is faced at some time with the need for giving care to the sick or helpless at home, it is pointed out. This care can be administered intelligently and skillfully when the individual has learned to appreciate the need for professional guidance and to use simple nursing skills that can safely be performed at home.

Professional nurses, teachers, or retired and inactive nurses and teachers are needed to serve as volunteer instructors. This class of instructors will meet for a 30-hour course.

The home nursing courses will be for women's clubs, church groups, rural groups and the like. It consists of 7 classes of 2 hours each. Home care of the sick helps the students learn:

1. What to do when illness occurs.
2. How to recognize signs and symptoms of illness and how to report them to the doctor.
3. How to keep a patient clean, comfortable, and well nourished.
4. How to give medicines and simple treatments ordered by the doctor.
5. How to control the spread of communicable disease.
6. How to use community health services to advantage.
7. Whether they are interested in a professional or practical nursing career.

The primary aim is to help individuals give better care to themselves, their families and their neighbors when illness occurs. Mrs. Anderson says. Class members learn about improvising from materials found in the home. During disasters and epidemics, such as influenza, home nursing students have helped to care for their own families as well as stricken neighbors, always under the direction of a doctor or a professional nurse.

Miss Sacher will arrive in Escanaba Oct. 15 and will organize the instructor training course. Classes in home care of the sick will begin immediately after the close of this course. There will be no charge. It is a service of the American Red Cross. Anyone wishing to obtain further information may call the local Red Cross Chapter office or Mrs. Norman Anderson.

Camp Fire Girls Will Aid In Annual Red Feather Drive

Delta County Camp Fire Girls will take an active part in the annual Community Chest drive which opens Oct. 15. Mrs. Walter Peters, president, announced today.

The Camp Fire Girls, members of the community organizations which the Red Feather fund help maintain, have volunteered to fill envelopes, baby sit for women volunteers, distribute literature and act as waitresses at campaign luncheons, etc.

The Camp Fire organization also is conducting its annual membership march this month and through November, with its slogan, "Be Friendly—Make Friends—Join the Camp Fire Girls." The primary effort this year is to enroll adult women as volunteer leaders. Mrs. Peters points out that additional leaders must be recruited to serve all the girls who wish to join one of Camp Fire's three age groups, the Blue Birds, 7 to 10, the Camp Fire Girls, 10 to 15, and the Horizon Club members, senior high school age.

Any adult 18 years or over may be a leader of one of these three groups.

Members of the Bay de Noc Council of Camp Fire Girls are members of the Red Feather Agency.

Nutmeg is delicious, of course, atop custards, egg nog, and whipped cream; it is also good on two vegetables—spinach and cauliflower. Inexpensive and good-looking nutmeg are now available for kitchen and dining-table use.

Births

Sgt. and Mrs. Howard Klemmetsen are the parents of a daughter, Carol Ann, born Oct. 3 in Albrook Air Force hospital in the Panama Canal Zone. The child is the second in the family. Sgt. Miss Kreshfske Is The Bride Of Myles E. Leonard

Miss Lois Marie Kreshfske of 1015 Ludington St., Escanaba, daughter of Mr. and Mrs. Walter Kreshfske, of Garden, became the bride of Myles Eugene Leonard in a ceremony performed at 11 a. m. today by the Rev. James H. Bell at the First Presbyterian Church.

White chrysanthemums formed the decorations for the church service and for the luncheon following it at the home of the bride's parents at Van's Harbor.

The bride wore winter blue corded faille with blue accessories and a white orchid corsage. Her sister, Mrs. Frank Stahl of Albion, Mich., who was her only attendant, wore silver faille shot with black, black accessories and a corsage of pink camellias.

Kermit Leonard of Pensaukee, Wis., was best man for his brother. They are sons of Mr. and Mrs. H. M. Leonard of Abrams, Wis.

Mrs. Kreshfske selected a dress of charcoal grey crepe with black accessories for her daughter's wedding. Mrs. Leonard wore black crepe with black accessories. Pink and white carnations and baby mums were combined in their corsages.

The newlyweds after a honeymoon in Lower Wisconsin and the Dells, will live in Escanaba. Both are associated with the Clairmont Transfer Co. The new Mrs. Leonard is a graduate of Oconto High School and the Electronic Radio-Television Institute, Minneapolis.

The wedding guests included Mr. and Mrs. Adson Casey of Fairport, Mr. and Mrs. H. M. Leonard, Abrams, Mr. and Mrs. Merrill Leonard, Oconto, Mr. and Mrs. Kermit Leonard, Pensaukee, Mr. and Mrs. Lyle Leonard, Escanaba, and Mr. and Mrs. Frank Stahl, Albion.

LUDINGTON BUY-LINES

by Sue Donimus

THEY say cold hands signify a warm heart—but more likely they just mean inferior gloves. Gloves that will warm both your heart and your hands are found at Gartner's. The new "Crostown" shorty is made of a double woven cotton—comes in a small check of teal and gray, or russet and black. "Back Talk" features a fine pinwale corduroy back—a double woven nylon palm in a smart gray. Hansen driving gloves are simply gripping—handsewn shorties with a pigskin palm in a fashionable camel shade. Head Gartner's way for a new chapeau, too. Velvets, feathers, fine felts—and, exclusively in Escanaba, the famous Stetsons.

DRAGGING herself around after the end of a terrific wash day my neighbor complains, "The state of matrimony is the only state that can endure half slave and half free."

If you have developed an allergy to a sure fire prescription. You can pick up the telephone and call the Escanaba Steam Laundry. Honey, it's amazing what a boost your morale gets when those dirty clothes are whisked away right under your nose and returned a blinding white in a matter of a few days. Bless their little hearts, just like Lincoln the Escanaba Steam Laundry has freed the slaves!

WHAT'S really being butchered today by meat dealers is the housewife's budget. But if you want to set a better table than ever before, stop at the Appliance Center across from the Delft Theater and buy one of the handsome dinette sets that have just arrived. Gleaming Doulton plastic tops are the crowning touch to the sturdy chrome base tables. Foam rubber cushions on the very comfortable chairs will have you sitting in the lap of luxury. The durable plastic covering comes in any color. And no bolts or screws protrude at the back of the padded chair to scratch the wall! Get set; go—to the Appliance Center!

NEVER break your bread or roll in your soup! But do serve hot rolls in the gay hot roll cozies found at the Variety Gift Shop. Made of white or delicate pastel shades, the cozies hold 15 rolls. A marvelous idea for that hard-to-choose gift! I found such lovely new Indian-head place mats in this little shop, too. Rich shades with an applied design and matching napkins in light contrasting colors—these are really very smart! The prize place mats are the woven ones—made just like little rugs. You flip them into the washing machine—no ironing! The Variety Gift Shop is the little store with big values!

SEeing ox-tail soup and calves brains on the same menu, the man remarked, "That's one way to make ends meet." What a menu you survey when you eat at Mar-co's! Their Sunday dinners are a something to remember. ber nostalgically all week! You can be served on Sunday any time after 11 a. m. Italian specialties are turned out with the touch of a master chef. A big plate of spaghetti served with bread, butter and coffee costs you only \$1.00! Eat soon at Mar-co's—the restaurant with good taste!

AS the hangman said, "It's noose to me." I didn't know they had such unusual gifts at the People's Drug Store till I was hanging around there yesterday morning. Those individual pyrex coffee servers—hold two cups—are only \$2.49 for a pair! Bright leatherette stripping insulates the neck for easy pouring. A long spouted pitcher to water plants comes in bronzed or gay colored plastic for just 49c. Newly arrived candles are in luscious shades: plain or twisted tapers. You'll find the People's Drug Store a pharmacy that's unusually gifted!

MY cynical uncle tells me a widower is the only man who has an angel for a wife. A widower who finds another angel is Bing Crosby when he courts Jane Wyman in "Just For You" at the Delft Theater Sun, Mon., and Tues. Bing's a Broadway producer who has to convince two teen-age children that he should marry musical comedy star, Jane Wyman. Ethel Barrymore gives a great performance as headmistress of a girl's school. Here's a Technicolor picture with 11 song hits—including "Zing a Little Zong!" If you want a good time, I'll see you at the Delft. This is "Just for You!"

ANY resemblance between politics and graft is simply coincidental. No matter which is your political party, you're pretty sure to next month an election. So better stock up on the clever Republican or Democratic cocktail napkins at Eden's Gift Shop. You'll also find the Fractured French napkins—toute suite for words! Conversation sparkers for sure! Bridge tallies and score pads at Eden's are always unusual—some funny bridge cartoons, and others in new fall designs. A real party line at Eden's!

Charges Studied In Assault Case

The charges to be placed against two Escanaba youths in connection with an alleged assault on a 17-year-old girl were being studied today by Delta county authorities.

Donald Provo, 21, and William Thennis, 19, both of Escanaba, were arrested Thursday morning and are being held in jail on open charges.

What form the charges, if any, will take were expected to be determined following questioning of the girl, a patient in St. Francis hospital.

Has Pelvic Injuries

Another charge, that of contributing to the delinquency of minors was pressed against John McGillis Jr., 20, today as a result of his part in an affair which preceded the attack on the girl.

The fourth youth previously reported to be held in connection with the assault, Leonard Wallin, 21, is still in the county jail awaiting military police who will remove him to Fort Sheridan, Ill., where he is listed as AWOL.

Provo and Thennis were arrested early Thursday morning after the girl was taken to the hospital with extensive pelvic injuries. She told sheriff's officials of having been with the pair a short time earlier.

Officers later picked up McGillis and Wallin who told them of a party at a Pine Ridge farm house at which the four youths, the wife of one of them, a juvenile girl and the injured girl were drinking beer.

Girl To Hospital

During the party, officers learned, Thennis and the girl went out to the car and were later joined by Provo who drove down the Old State Road where the car ran out of gas.

The attack occurred shortly afterwards. Police were not able to secure definite information as to ensuing action but learned that the girl made her way to a nearby home from where the sheriff was called.

After taking the girl to the hospital and calling a physician, officers returned to the car and impounded it as evidence.

Heart Disease Biggest Killer

GENEVA, Switzerland (AP)—Heart disease is the greatest killer in the world, according to a review of vital statistics for 1949 just put out by the World Health Organization.

The survey shows, however, that other diseases take the greater toll in some countries, Egypt, for instance, with one of the highest death rates in the world, lost only 1,641 lives to heart disease in 1949 out of 72,537 of the nation's more than 20 million people died of diarrhea and intestinal inflammation.

In Chile, Colombia and Hong Kong, pneumonia was the biggest cause of death. In Japan it was tuberculosis.

Of the countries covered in the survey, the only place where just plain old age was a major cause of death was Iceland. There were 169 deaths there in 1949 attributed to natural old-age causes, giving them second place to tumors, which killed 190 persons.

Danforth

DANFORTH—The Danforth Child Study Group met Tuesday night at the home of Mrs. Robert Jensen. Two mental health lectures given at Gladstone, "Mental Health and You" and "What Makes a Family Tick?" were reviewed and discussed. Lunch was served by the hostesses, Mrs. Jensen and Mrs. Raymond Anderson. The next meeting will be held at the home of Mrs. Arthur Hamnerberg Nov. 5 with Mrs. Hamnerberg and Mrs. George Chailier, hostesses.

Briefs

DANFORTH—Mr. and Mrs. John Nicholas of Milwaukee are the parents of a six-pound son born Friday in Milwaukee. Mrs. Nicholas is the former Dorothy Larson, daughter of Mr. and Mrs. Peter Larson of Danforth. The couple has one other child, a son.

Mr. and Mrs. Robert Jensen and daughter Janice spent the weekend in Milwaukee with Mrs. Jensen's brother-in-law and sister, Mr. and Mrs. William Thornton.

Services will be conducted by the Rev. Bruce Handrich of Germfask at the Danforth School Sunday, Oct. 12 at 8 p. m. A male quartet will sing.

Martha Raye Remains In Critical Condition

MIAMI BEACH, Fla. (AP)—The condition of Martha Raye, singing comedienne, remained critical today after a blood transfusion in St. Francis hospital.

Miss Raye, in private life Mrs. Nick Condos, was flown to the hospital Thursday from Jamaica with a severe intestinal disorder. Tests were being made to determine if the ailment will require surgery. The 36-year-old stage, screen and nightclub performer was on a vacation when stricken.

Stevenson Takes Rap At Corruption

By JACK BELL

MIAMI, Fla. (AP)—Gov. Adlai E. Stevenson promised today to deal "ruthlessly" with corruption in government if he is elected president.

The Illinois governor brought his campaign into politically doubtful Florida today after New Orleans recorded mixed reaction last night to his firm stand for civil

rights legislation and against giving the states title to the oil-rich submerged coastal lands.

Tough Issue Tackled

Barging into the tough issues Republicans have raised against him, the Democratic presidential nominee likened Miami's cleanup action in gambling scandals to steps he had taken in Illinois. He promised to "follow the same pattern of action in Washington," if he wins on Nov. 4.

"You have been touched by scandals bred by an unsavory alliance between a national criminal syndicate and the semi-legitimate operators who cluster around the fringes of the entertainment business," Stevenson said in a talk prepared for a party rally at Bay Front Park.

"But I was pleased to see that you have learned the practical lesson taught me in my time as governor of Illinois—that corruption will not wait for leisurely action."

"It must be attacked by those in authority and it must be ruthlessly rooted out before it has a chance to fester and spread through the whole of our political system. I congratulate you for so moving in Miami as I have in Illinois and I pledge you that I will follow the same pattern of action in Washington."

Home-Coming Game

For the Home-Coming game Oct. 31 the band will be out with a special drill with Patricia Touzel as drum major and Helen Ann LaCombe, Judy Welker, Judy Mulligan, Sharon Miller and Bonnie Knudsen assisting.

Following the big game with Brimley High School, there will be a masquerade dance in the evening in the school auditorium sponsored by the senior class.

The High School Band under the direction of Mrs. Vito Mixon will play for the Republican rally to be held in the High School Auditorium Saturday.

School Paper to be Published

Under the editorship of James Carter, the school paper, the "Superior Sun" will soon make its appearance. Other members of the staff are Robert Erickson, assistant editor and sports; Carol Roberts, reporter for the twelfth and 1st and 2nd grades; Jean Roberts for the 11th; Regina Peterson, 10th; Joyce Masse 9th; Judy Mulligan 8th; Patsy Toulz 7th; Helen Picel, 3-4; and Joan Nyman 5-6. A humor column will be covered by Sally Masse and Sandra Hill. Feature writers are Rhea Ostrander and David Hill.

Operetta to be Presented

A two act operetta "Aunt Drusilla's Garden" will be presented next month under the direction of Mrs. Vito Mixon. Leading the cast is Joan Nyman with supporting players, Regina Peterson, Sam Lambert, Danny Hill, Charles Ylimaki, Dawn Ostrander and Joyce Masse.

Variety Show

A three act variety show with a 30 member cast will be presented Nov. 17 in the high school auditorium under the direction of Mrs. Claude McLean, sponsored by the St. Ann's Guild of the Holy Rosary parish. The three acts consist of a wedding scene, school scene and a gay nineties scene.

Hermansville

HERMANVILLE—The newly organized student council of Hermansville High School met for the second time Thursday, October 9, with Jack Gosling as advisor. Plans were made to hold initiation night Wednesday, October 15 at 7 p. m. in the school gymnasium. All freshmen, new students and new teachers will be initiated. Committee members are Lloyd Lacasse, Martha Lacoursiere, George Schultz, Carol LaRoche, Bill Daniels, Betty Carson, David Whitens, Dorothy Stockero and Barbara Rodman. The affair is open to Hermansville High School students only.

Cameron Is Named Gladstone Head Of Red Feather

Wallace Cameron, superintendent of schools in Gladstone, has been appointed Gladstone chairman of the Community Chest campaign.

Co-chairmen will be Lewis Empson, Oliver Gabrielson, Arv Ellington, Mike Goodman, John Norton, Ross Davis, Oscar Ohman, Ruben Sjoquist and Billy Girard.

Bureau Plans Annual Meeting

NEWBERRY, Michigan — An up-to-date report on the progress of planning for construction of a bridge across the Straits of Mackinac, together with information on the attitude of the Reconstruction Finance Corporation toward the structure, will be presented Upper Peninsula Development Bureau members and directors at their meeting this month.

The gathering, the 42nd in the organization's history, will be held in Newberry on Tuesday and Wednesday, October 21 and 22. All meetings are open to public.

The RFC, a federal loan agency which has been asked to finance building of the Straits span, recently sent four representatives into the state in an effort to learn opinions of county, municipal and civic leaders, newspapers and the general public, regarding bridging of the Straits of Mackinac.

"Let's Build A Bridge"

Result of that canvass will be told by Lawrence A. Rubin, secretary of the Mackinac Straits Bridge Authority, one of two principal speakers at the banquet climaxing the two-day meeting.

Rubin, whose address is entitled, "Let Us Build A Bridge Across the Straits of Mackinac," will show enlarged drawings of the authority's plans as they have been revised and approved by RFC engineers.

Appearing with him on the 6:30 p. m. program on October 22 will be Chester Wells, secretary-manager of the West Tourist and Resort Association, who will speak on "Sound Investments."

Report Economic Survey

The annual meeting will open with registration in the lobby of the Falls Hotel the afternoon of October 21. No evening meal has been scheduled for that night to permit guests and delegates to dine as they choose in restaurants or the hotel, or to attend the annual potato show dinner in Pentland Township hall.

The first session will begin at 8 p. m. in the auditorium of the Community Building, with Howard H. Billings, Bureau president, presiding. Following a welcome address by Harry Surrall, chairman of the Bureau's Luce County directors, William Rooney, field representative of Ebasco Services, Inc., New York, will report on the economic survey his organization has conducted in the Upper Peninsula.

Gulliver

GULLIVER—William Toner left Thursday for Milwaukee to enter Milwaukee Hospital where he will undergo surgery next week.

Cpl. Willard Smith, son of Mr. and Mrs. Charles F. Smith is at home here after receiving his honorable discharge from the Army. Willard enlisted in the Army in September, 1949, was with the 2nd Engineers Combat Battalion, spent one year in Korea and was discharged from Fort Benning, Ga., last week.

Mr. and Mrs. E. Hartman and family of Green Bay have taken up residence at the Gordon Bergman home, Gulliver Lake and will make their home in this area.

Mr. and Mrs. Robert Oberg are making their home at the John Bergman residence on Gulliver Lake.

Mr. and Mrs. Elmer Hamilton left on Thursday for Bruce, Wis., where they will reside. Mr. Hamilton, recently retired as Railway Express agent, spent the last seven years as local agent.

Mrs. Irene Trippensee arrived Tuesday from Chicago where she has been visiting with her daughter and son-in-law, and family, Mr. and Mrs. Frank Wokas. Mrs. Wokas is the former Nadine Trippensee.

Mrs. Al Rogers and son Perry of Rogers City spent the weekend with her sister, Mrs. Stella B. Paul.

Nail Polish Borrowed By Stranger With Gun

WALLA WALLA, Wash. (AP)—The tall stranger leered over the desk of Mrs. Doris Reesman, Chamber of Commerce assistant, yesterday and asked softly:

"Do you have any nail polish?" Mrs. Reesman, surprised but courteous, said she didn't think so. The man thought for a second and then pulled a gun from his pocket.

"I'll check again," Mrs. Reesman said hastily. In a matter of seconds she found a bottle of the bright red stuff.

Carefully the stranger applied a little of the red lacquer to the sights of his weapon.

"Eliminates the glare," he explained quietly, then walked away.

Kansas City Vote Fraud Case Closed With Final Blast

By RUSSELL BRINE S

WASHINGTON (AP)—A House judiciary subcommittee closed its books on the 1946 Kansas City vote fraud case today with a final blast against Supreme Court Justice Tom Clark for using what it called "extremely poor judgment."

Clark, then attorney general, approved an "inappropriate, improper and unheard of" method of limiting a preliminary FBI investigation in the case, top committee men said.

Brewery Suit Bared

Chairman Chelf (D-Ky) and Rep. Keating (R-NY) said in a joint statement yesterday that this "final judgment" of Clark's procedure was supported by secret testimony taken from former Atty. Gen. Francis Biddle. The testimony also was released.

Keating also told newsmen today

the committee had obtained new and "very significant evidence" in another phase of its investigation of the Justice Department.

He would not discuss the evidence, but indications were it concerned the activities of a prominent Chicago politician in a recent case handled by the department against the Pabst Brewing Company.

The fresh evidence came during a closed-door session yesterday with Raoul Berger, a former Justice Department attorney who represented Pabst in troubles with the government last year.

Ballots Stolen

No company was charged with violating pure food laws by maintaining an unsanitary granary in Peoria, Ill. A civil suit was dismissed, but the company was fined \$600 on conviction of criminal charges which it neither contested nor admitted.

The Kansas City case stemmed from the 1946 Democratic primary race in Missouri between Enos Axtell and Rep. Roger C. Slaughter. Axtell, supported by President Truman, won the primary but lost in the general election.

Fraud was charged and disputed ballots were stolen in a midnight dynamiting.

The usual preliminary FBI investigation was ordered. But Chelf and Keating charged that "serious irregularity" occurred at the outset because the FBI was instructed in a memorandum to limit its probe "to interviewing only six individuals who were named."

T. Lamar Caudle, assistant attorney general who later was fired by President Truman for what Truman called "outside activities," wrote the memo and Clark approved it.

Biddle told the committee at Boston Oct. 2 he never had heard any suggestion of limiting an FBI investigation.

He said during his term as attorney general between 1941 and 1945, whenever the FBI was given a case "the method of investigation" was left up to that agency. Earlier he had not ordered a full investigation, although he thought later he should have done so. He said the FBI eventually obtained over 100 affidavits in the case.

Truman Pours It On In New York Whistle-Stoppers

(Continued From Page One)

give the Stevenson-Sparkman tickle its biggest boost of the campaign here.

Truman lost New York State's 45 electoral votes in 1948, but Henry A. Wallace's Progressive party candidacy cut heavily into normal Democratic votes among minority groups.

Back To Washington

The President will wind up his current New York appearance with another address at 10 p. m., EST, at a Columbus Day dinner in the Waldorf-Astoria Hotel.

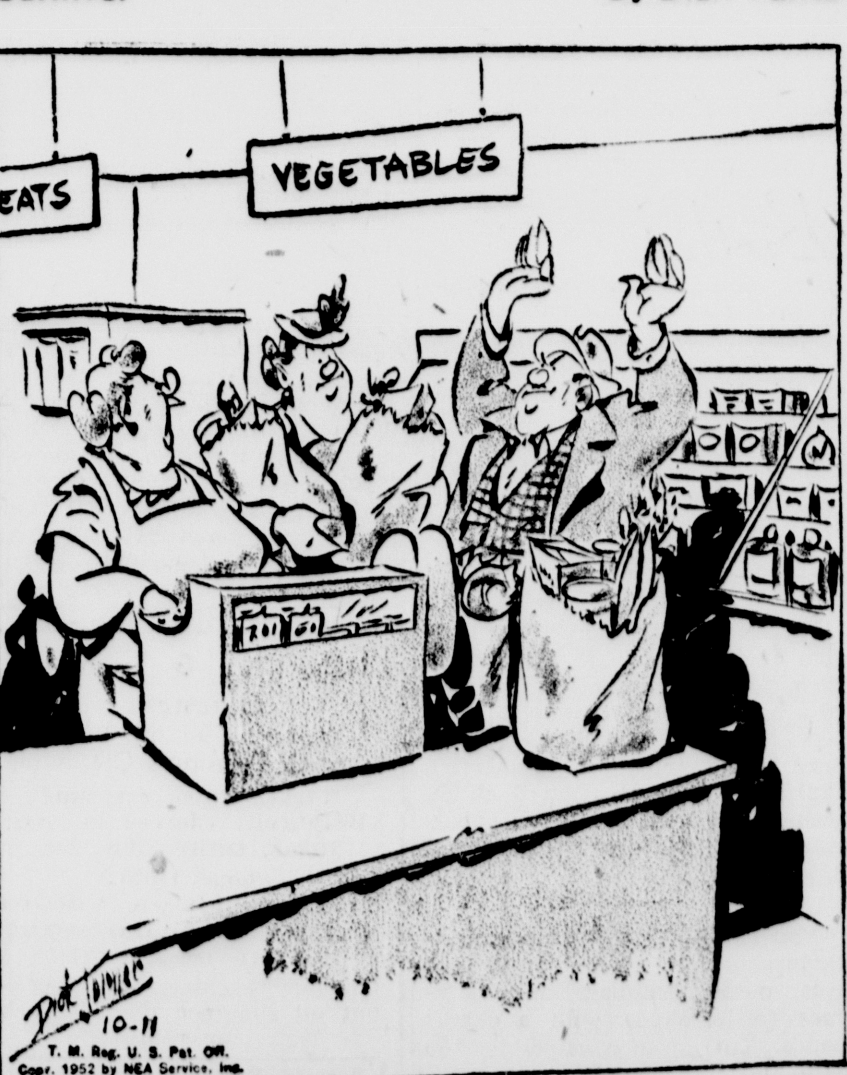

He leaves immediately afterwards for Washington to wind up a 15-day 24-state coast-to-coast tour in which he worked harder and spoke longer for another man than he did for himself in any single trip in 1948.

Truman starts out from Washington again next Wednesday night on a tour through New England ending up next Saturday night with a big speech in Brooklyn. A big Midwestern trip will wind up his campaigning.

Truman "poured it on" the Republicans from Buffalo to New York yesterday, saying that Dwight D. Eisenhower, by his endorsement of Sen. Joseph McCarthy (R-Wis) has stooped so low he is "not fit to be trusted with the great office of president."

Grocer Kidnaped With 4 Children

CHESTER, Calif. (AP)—Plumas County Sheriff M. H. Schooler said today four children and a grocer carrying \$7,100 apparently had been kidnaped.

More than 100 lumberjacks and businessmen sworn in as sheriff's deputies are searching for the missing man and children through the high mountain forests of Plumas and Lassen counties in northeastern California.

"I can see no possibility other than that they were kidnaped," said Schooler.

The sheriff said Gard Young, 43-year-old Chester grocer, left here yesterday by car to go to a bank in nearby Westwood to cash \$7,100 in checks.

With Young were his three young daughters, Sandra, 3½, Judy, 6, and Jean, 7, and a neighbor boy, Michael Failey, 4.

Schooler said Young got the money, then went across the street and bought candy for the children. That was the last seen of the five.

Schooler said it was generally known that Young took weekly trips to Westwood to get large sums of money with which to cash loggers' checks.

Retired Engineer Dies At Menominee

MENOMINEE — Edward McGuire, 72, a retired Chicago & North Western Railroad engineer died in St. Joseph-Lloyd Hospital Thursday at 7 p. m. after a stroke suffered two weeks ago.

Mr. McGuire was born in Canada October 16, 1879, coming to Menominee when he was five years old and had resided here since. His wife died Oct. 3, 1950. He was a member of the Menominee Knights of Columbus, St. Ann's Church and the Royal Neighbors.

He is survived by one brother, Walter McGuire, of Wabeno, Wis. Funeral services will be held Monday at 8:30 a. m. in the Lemieux-DeGayer Funeral Home and at 9 a. m. in St. Ann's Church with the Rev. Fr. Francis Geynet officiating at the requiem mass. Burial will be in Riverside Cemetery.

The body will be at the funeral home after 2 p. m. Sunday where the rosary will be recited by the Daughters of Isabella at 3 p. m., the Knights of Columbus at 4 p. m. and the parish at 8:30 p. m.

The Crowley

Ideal For A Young And Growing Family

Rooms Eight
Bedrooms Five
Closets Nine
Cubage: House 24,500 ft.
Garage: 7,770 ft.
Dimensions 33' x 26'

Wide clapboards and stones combine to make a distinctive exterior finish completely in harmony with the architecture of "The Crowley." Either a plain wood or masonry finish could be used with attractive results if you do not care for a combination exterior. Blinds, the round window in the bathroom, the three windowed bay in the living room and the wide chimney all provide additional decorative appeal for the house exterior.

IN THE HOME WORKSHOP

USEFUL STAND EASY TO MAKE

Here is a bedside stand designed for the amateur to make with the simplest tools. You will like the lamp shelf, radio niche, table space, deep shelf, big drawer and good lines. Pattern 302 gives cutting guides and directions. Patterns are 25c each. See sketch for numbers. WORKSHOP PATTERN SERVICE Escanaba Daily Press Bedford Hills, New York.

Measuring 33' x 26', "The Crowley" is built along simple uncluttered lines and demands simple landscaping. Cubage of the main house is 24,500 feet. Overall dimensions are 33' x 26'. The garage wing has a cubage of 7,770 feet. The front door opens on a small hall that contains both a coat closet in which to hang guests' wraps and a regular closet in which you can store your family's rain gear, or any other items which could most conveniently be kept in this section of your home. You'll find the lavatory, placed to the right off the hallway, most convenient both for your guests and for your family. If you do not want to finish the second floor until some future date when you have need of the extra room, the lavatory can double as a bathroom.

Handsome Living Room
To the right, also opening off the entry hall, is the spacious and handsome living room. The three windowed bay in the front wall and the large fireplace in the right wall are the decorative highspots of the room. Both features also have practical values for the room; the fireplace will prove well worth the space it occupies on many a chilly day or evening. Bookshelves, built-in at either side of the fireplace, further enhance the decorative charms of this section of the room. They'll also help you to keep the room uncluttered by providing a regular, and convenient storage spot for your books. Against the unbroken section of back wall would make an excellent location for your television set.

The den or guest bedroom is located to the left off the living

room. Measuring 13' by 11' 6", the room is assured of good light and cross ventilation through the three windows in the back wall. You can easily and conveniently use this as a regular bedroom if you do not want to finish the second floor at the time the house is built.

China Closets

Opening off the living room, the dining room is a pleasant well-lighted room with ample space for attractive arrangement of your dining room furniture. The built-in china closet in the left back corner of the room is an ideal storage and display spot for your fine china and glassware. Built in drawers at the bottom of the cabinet as a storage spot for your table linen. And, be sure to take advantage of the light and view provided by the three windows in the right wall when arranging your dining table and chairs.

Conveniently near the dining room, the kitchen is planned as a work center; yet contains enough room for a comfortable breakfast nook in the back right corner of the room. In dimensions, the kitchen is 12' 6" by 13' 6". Working counters, sink and refrigerator line the left wall of the room. The sink is placed in the center of the array, under the large window looking out on the back yard.

Concealed in the back wall of the living room is the doorway that closes off the stairs to the second floor, which contains four bedrooms plus a bathroom.

Each of the bedrooms has cross ventilation and plenty of precious closet space. The left front bedroom is 15' x 12' 6" and is designed to serve as the master bedroom. The right front bedroom measures 12' 6" by 11'.

Modern Bath

An all modern bath, complete with tub and shower, separates the two bedrooms in the right wing of the second floor. Measurements of the right back bedroom are 13' 6" x 9' while those of the left back bedroom are 13' 6" x 12' 6". A large linen closet

is conveniently placed between the two back bedrooms and opens on the connecting hallway.

Jackson Man Dies In Crash

One man was killed instantly and another critically injured when an auto transport truck and a car collided at 6:30 last night on S-2 near the Cooks corners. Both vehicles burned following the crash.

Killed was Donald Wilbur, 20, of 1612 Woodbridge St., Jackson. Kenneth Boldrey, 22, of 4930 West Lake Rd., Clark Lake, suffering from a broken pelvis and chest and other injuries, was taken to the Schoolcraft Memorial Hospital where his condition last night was considered grave.

Both men were occupants of the car which was reported traveling west at high speed.

Also injured but not seriously were Mrs. Noella Zimmer, 23, of Van Couver, B. C., and her infant son, Allen, 14 months. Mrs. Zimmer, whose husband, Emil, 27, was driving the auto carrier, sustained a bruised ankle and a knee cut. Her son suffered a forehead cut. Both were treated at the local hospital and dismissed.

State police of the Manistique post who investigated the accident reported that the car, in attempting to pass another vehicle, pulled into the path of the empty east-bound auto transport and then tried too late to cut back to the left side of the highway. The truck smashed into the left side of the car. Both machines burst into flame following the impact but all occupants, including the dead man, were out of the machines before being burned.

The accident occurred on a winding hill near the Delta-Schoolcraft county line. Police last night were unable to ascertain who was driving the car.

Lunch Program To Start Nov. 3

A hot lunch program will be started at Central school on Nov. 3 and the annual milk program will begin in various grade schools a week later, it is announced by A. F. Hall, superintendent.

Unlike most rural school programs, the local hot lunch menu will feature a lunch and not a full meal, Hall said. Mrs. L. E. MacDonald will serve as cook.

The program is designed primarily for rural students and local students who walk eight blocks or more to school.

The fee for hot lunches will be 85 cents a week. The milk program will cost students 15 cents weekly.

Many Attend VFW Banquet

Brief talks on various phases of VFW services and activities featured a testimonial banquet and program held by the Manistique Veterans of Foreign Wars Thursday evening.

The event, held at the VFW clubrooms at 7 p. m., was well attended by post members and their wives.

The following short talks were given.

VFW Organization, by Everett N. Anderson, 14 district commander.

Origin and Founding of VFW, by George Drew, lay minister of St. Alban's Episcopal Church.

VFW Part in Service Work, by Donald Messier, Schoolcraft County veterans counselor.

Meaning of Cross of Malta, by John Nessman, post commander.

The VFW National Home for Orphans and Widows at Eaton Rapids, by Ivor Wilcock, post commander.

Also on the program was a 45-minute dramatic film, "The National Home," shown by Vern C. Linderoth.

Lionel Mercier, post commander, officiated as master of ceremonies.

The evening was concluded with a social hour and dancing.

Westside PTA Meets Tuesday

The Lincoln-Riverside Parent-Teacher Association will hold its opening fall meeting in the Lincoln gymnasium on Tuesday evening, Oct. 14.

The session is scheduled for 8 p. m., with Mrs. Julius Settergren, president, in charge.

Public school teachers in the city have been invited to attend the meeting. An interesting program is being developed by Mrs. L. E. Wilson, who has been named program chairman for the year.

Hostesses will be mothers of Mrs. Ben Gero's kindergarten room.

Last year the group was known as the Lincoln PTA but it has been expanded this season to include newly reopened Riverside school.

BOOSTER GAME....

No local high school football season would be complete without a booster game.

This season the booster event will be the Marquette game here next Friday night in the Hall stadium.

If you have not been attending home grid games, make your plans now to attend this one... the finale on the Emerald schedule.

Manistique has the best football team in years, and the game Friday night should be a thriller, with lots of good, fast football.

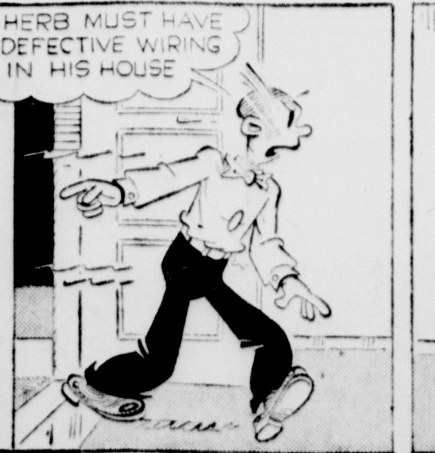

Support your high school team... Attend the game

Supervisors To Meet Monday

The annual meeting of the Schoolcraft County Board of Supervisors will convene at 10 a. m. Monday at the Court House, with George Stephens, of Manistique, chairman, presiding.

Adoption of an annual budget, fixing of salaries of county officials for two years, spreading of taxes, the making of several appointments and the hearing of various preliminary departmental reports are included on the agenda.

In addition to Stephens other members of the county board are: City—Walter Burns, A. W. Heitman, Vern C. Linderoth and W. G. Stephens.

Townships—Hiawatha, Agner Dehlin; Inwood, William Popour; Doyle, William W. Davidson; Germfask, Allan Macaulay; Manistique, William Rodman; Mueller, Wells Bowers; Seney, Francis Morrison; Thompson, Floyd Sample.

Nervous Bookie

NEW YORK (AP)—A former bookie, testifying at a departmental trial of 34 suspended policemen, said it was time to quit gambling "when your nerves started to go on you and you got the shakes."

The witness said two convictions made him nervous and led him to find a legitimate job.

Illness Regimented In Red Bulgaria

VIENNA (AP)—"My father suffered a sudden crisis in his kidney ailment. He needed urgent doctor's help," wrote a Sofia worker in Communist controlled Bulgaria to the newspaper "Rabotnitschesko Delo."

"I went to the 20th Poliklinik. The doctor on night duty said he could not come, because there was no ambulance. After I told him how urgent it was, he said it would do no good anyway, because he had no medical instruments. All the instruments were locked up at night."

and Mr. and Mrs. Glen Pawley motored to Sault Ste. Marie Friday to attend the football game.

Hiawatha Man Is Fined Yesterday For Headlighting

Roger Christensen, of Hiawatha Township, paid a fine of \$20 and costs of \$7.50 after pleading guilty to a headlighting charge in local justice court yesterday morning.

He was arrested about 10:30 Thursday night on M-94, near the Sturgeon Hole, by Conservation Officer Ernest Derwin.

Derwin reported that Christensen's car was parked on the road, that he had a .22 caliber rifle protruding from the car window and was scanning adjacent woods with a high power flashlight. The rifle contained six shells, Derwin said.

Jackson Man Dies In Crash

One man was killed instantly and another critically injured when an auto transport truck and a car collided at 6:30 last night on S-2 near the Cooks corners. Both vehicles burned following the crash.

Killed was Donald Wilbur, 20, of 1612 Woodbridge St., Jackson. Kenneth Boldrey, 22, of 4930 West Lake Rd., Clark Lake, suffering from a broken pelvis and chest and other injuries, was taken to the Schoolcraft Memorial Hospital where his condition last night was considered grave.

Both men were occupants of the car which was reported traveling west at high speed.

Also injured but not seriously were Mrs. Noella Zimmer, 23, of Van Couver, B. C., and her infant son, Allen, 14 months. Mrs. Zimmer, whose husband, Emil, 27, was driving the auto carrier, sustained a bruised ankle and a knee cut. Her son suffered a forehead cut. Both were treated at the local hospital and dismissed.

State police of the Manistique post who investigated the accident reported that the car, in attempting to pass another vehicle, pulled into the path of the empty east-bound auto transport and then tried too late to cut back to the left side of the highway. The truck smashed into the left side of the car. Both machines burst into flame following the impact but all occupants, including the dead man, were out of the machines before being burned.

The accident occurred on a winding hill near the Delta-Schoolcraft county line. Police last night were unable to ascertain who was driving the car.

Soviet Party Takes Up Statute Changes In Moscow Congress

MOSCOW, U.P.—The big Soviet Communist party congress was scheduled to begin discussion today of proposed changes in party statutes. The Congress yesterday approved the nation's current five-year plan designed to boost total Soviet industrial production by the end of 1955 to 70 per cent over the 1950 output.

The proposed statute changes—including setting up a presidium as the party's central agency in place of the present Politburo—were announced Aug. 20. Details of the five-year plan were announced at the same time.

Lunch Program To Start Nov. 3

A hot lunch program will be started at Central school on Nov. 3 and the annual milk program will begin in various grade schools a week later, it is announced by A. F. Hall, superintendent.

Unlike most rural school programs, the local hot lunch menu will feature a lunch and not a full meal, Hall said. Mrs. L. E. MacDonald will serve as cook.

The program is designed primarily for rural students and local students who walk eight blocks or more to school.

The fee for hot lunches will be 85 cents a week. The milk program will cost students 15 cents weekly.

Many Attend VFW Banquet

Brief talks on various phases of VFW services and activities featured a testimonial banquet and program held by the Manistique Veterans of Foreign Wars Thursday evening.

The event, held at the VFW clubrooms at 7 p. m., was well attended by post members and their wives.

The following short talks were given.

VFW Organization, by Everett N. Anderson, 14 district commander.

Origin and Founding of VFW, by George Drew, lay minister of St. Alban's Episcopal Church.

VFW Part in Service Work, by Donald Messier, Schoolcraft County veterans counselor.

Meaning of Cross of Malta, by John Nessman, post commander.

The VFW National Home for Orphans and Widows at Eaton Rapids, by Ivor Willcock, post commander.

Also on the program was a 45-minute dramatic film, "The National Home," shown by Vern C. Linderoth.

Lionel Mercier, past commander, officiated as master of ceremonies.

The evening was concluded with a social hour and dancing.

The Lincoln-Riverside Parent-Teacher Association will hold its opening fall meeting in the Lincoln gymnasium on Tuesday evening, Oct. 14.

The session is scheduled for 8 p. m., with Mrs. Julius Settergren, president, in charge.

Public school teachers in the city have been invited to attend the meeting. An interesting program is being developed by Mrs. L. E. Wilson, who has been named program chairman for the year.

Hostesses will be mothers of Mrs. Ben Gero's kindergarten room.

Last year the group was known as the Lincoln PTA but it has been expanded this season to include newly reopened Riverside school.

Adoption of an annual budget, fixing of salaries of county officials for two years, spreading of taxes, the making of several appointments and the hearing of various preliminary departmental reports are included on the agenda.

In addition to Stephens other members of the county board are: City—Walter Burns, A. W. Heitman, Vern C. Linderoth and W. G. Stephens.

Townships—Hiawatha, Agner Dehlin; Inwood, William Popour; Doyle, William W. Davidson; Germfask, Allan Macaulay; Manistique, William Rodman; Mueller, Wells Bowers; Seney, Francis Morrison; Thompson, Floyd Sample.

Nervous Bookie

NEW YORK (P)—A former bookie, testifying at a departmental trial of 34 suspended policemen, said it was time to quit gambling "when your nerves started to go on you and you got the shakes."

The witness said two convictions made him nervous and led him to find a legitimate job.

Hiawatha Man Is Fined Yesterday For Headlighting

Roger Christensen, of Hiawatha Township, paid a fine of \$20 and costs of \$7.50 after pleading guilty to a headlighting charge in local justice court yesterday morning.

He was arrested about 10:30 Thursday night on M-94, near the Sturgeon Hole, by Conservation Officer Ernest Derwin.

Derwin reported that Christensen's car was parked on the road, that he had a .22 caliber rifle protruding from the car window and was scanning adjacent woods with a high power flashlight. The rifle contained six shells, Derwin said.

Emeralds Humble Soo 34-6 To Take Great Lakes Lead

SAULT STE. MARIE—(Special)—Emeralds halfback Bob McNamara opened up a bag of scoring tricks here last night that stunned the Soo Blue Devils as Manistique swept to a 34-6 victory.

The win moved the Emeralds of Coach Dick Bonifas into first place in the Great Lakes Conference standings. Ishpeming, leader until last night, suffered a 6-0 defeat at the hands of the Gladstone Braves to pave the way for Manistique's drive to the top.

Hard-running McNamara scored four of the five Manistique touchdowns here last night. He plunged for one, sprinted for another, ran back an interception for another and tallied on a recovered fumble for another.

Quick Score

McNamara and Don Anderson led all the backs on the field from scrimmage and were the bulwark of the Manistique offense.

New Blood For Black Hawks

(Another in a series)

CHICAGO (P)—Cellar bound for three years, the Chicago Black Hawks enter the National Hockey League's 1952-53 season with a changed administration, a new coach and a shake-up in the player ranks distinguished by the addition of 20-year-old Pete Conacher, product of one of hockey's most renowned families.

Pete, a rookie forward up from Galt, Ont., is the son of Charley Conacher, nephew of Lionel and Roy Conacher. He scored 53 goals in 51 games in junior hockey last season and gives promise of carrying on in the tradition of his famous forebears.

A left wing with a hard shot and natural savvy, Conacher is teaming up with Gus Bodner at center and Fred Glover, purchased from Detroit, on the right wing. They're Chicago's second-ranking line.

The first line trio has Cal Gardner as its playmaker with veteran holdovers Billy Mosienko and George Gee on the flank. Gardner came to Chicago with goalie Al Rollins, defenseman Gus Mortonson and forward Ray Hannigan in a four-for-one deal which sent goalie Harry Lumley to Toronto.

Menominee Tips Ironwood 7-0 In Defensive Battle

MENOMINEE — (Special) — The Menominee Maroons edged Ironwood 7-0 here last night to maintain their undefeated and untied status in Upper Peninsula grid circles.

The Maroons scored the only touchdown of the game in the first quarter with Wayne Ewald passing to end Mike Ranach on a play that covered 63 yards.

It was rough and tough throughout the contest with four players requiring hospitalization with minor concussions. Dave Shaughency and Dave Stenstrom of Ironwood and Gary DeGayner and Bill Cailey of Menominee were hospitalized. Cailey and Stenstrom were released after examinations.

Neither team made a serious scoring threat after Menominee's touchdown. Both eleven were in scoring territory several times but surrendered the ball on fourth down attempts.

Other U. P. scores last night: Manistique 34, Soo 6; Gladstone 6, Ishpeming 0; Stambaugh 39, Kingsford 0; Marquette 14, Negaunee 0; Marquette Pierce 40, Rock 0; Houghton 27, L'Anse 0; Ontonagon 20, Hancock 6; Park Falls 25, Calumet 6; Stephenson 32, Peshtigo 25; Hurley 20, Bessemer 6.

Class A Prep Power Sees Win Streak End

(By The Associated Press)

Muskegon High School's Big Reds, winners of 12 straight and 1951 Associated Press state champions, were removed from the unbeaten, untied list of Michigan Class A teams last night by Benton Harbor. The score was 13-7.

Muskegon, which had snatched two from the fire already this season, failed against Benton Harbor, who took the ball on fourth down on their own 40 as the Big Red mounted what looked for a time like a touchdown drive in the fourth quarter. There was only a minute to go when the Berrien Countians took over.

It took Benton Harbor only four plays to score, after Muskegon was penalized 15 yards to their own 25 mid-way of the second quarter. Quarterback Biggs bowled over and specialist Demaria added the extra point.

Loss On Gamble

With only 15 seconds to go to the half, Muskegon gambled on fourth down and lost the ball. On the first play—and the only one time was left for—halfback Nate Clark tore through guard and went 44 yards for a touchdown to put Benton Harbor ahead to stay. Demaria missed the try for point after.

Muskegon's lone tally came in the final period on a pass from quarterback Harry Voss to end Leland David. Jim Kelly kicked the extra point.

The Upper Peninsula currently boasts one of the two unbeaten and untied college football teams in the state of Michigan. Marquette Northern's Wildcats share that enviable distinction with the Michigan State Spartans. Five former Escanaba athletes are performing on Coach Red Money's squad, as follows: Axel Anderson, sophomore end; Paul Baldwin, freshman quarterback; John Beaumier, senior guard; Jim Hirn, freshman tackle; and Bob St. Martin, freshman tackle.

After the announcement that the Marinette-Menominee game would not be played this year, Menominee school officials began sending out feelers for a game to fill the Nov. 1 date. Among the schools contacted was Iron River. The Redskins are unbeaten and untied this season in five starts.

Team and individual statistics released yesterday by Michigan State College reveal that Billy Wells of Menominee is the leading ground gainer for the Spartan gridgers thus far this season. Wells has carried the ball 145 yards in 27 trips for a 5.37 average. Next in line is Capt. Don McAuliffe who has traveled 112 yards in 16 carries. Wells has scored one touchdown, received one pass good for 51 yards and missed his receiver on one pass attempt.

The 1952 Chicago Bears' yearbook lists an impressive number of all-time records which we found interesting. The Bears boast the most world championships, seven, and the most Western championships, eleven. The Bears are the only pro team to finish regular season unbeaten and untied, in 1934 and 1942. Other marks: Most games won, 403; most league games won, 295; most points scored, 11,054; most points one season, 660; most touchdowns, 1,607; most points after touchdown, 1,162; most yards gained, 110,884; most points and most touchdowns scored in one game, 73 points and 11 TDs against Washington in 1940.

Texas Cow Girls Will Train In Hermansville

HERMANSVILLE — The Texas Cow Girls, women world professional basketball champions, will arrive in Hermansville this week-end to start two weeks of extensive practice at the Hermansville Community gymnasium, it was announced today by Frank Rodman, sports promoter in charge of their arrangements while in the Upper Peninsula.

The Texas Cow Girls, queens of the basketball court, are now assembling in Chicago under Dempsey Hovland, manager, and are expected in Hermansville late Sunday to be quartered at the Menominee Hotel.

Assisting Rodman in arranging for the Cow Girls was the Meyer Township Board of Education whose facilities are being used by the Cow Girls while training in Hermansville.

Frank Rodman

On Radio Program

Rodman and Hermansville received comment on the "Jack & Eddie" Hubbard program from the Isbell Supper Club in Chicago Thursday night when the Cow Girls were interviewed on the program.

The Cow Girls basketball club is made up of outstanding young lady athletes who are chosen for the squad for ability, beauty and sportsmanship as well as being of a high calibre mentally.

The average age of this year's aggregation is 20 years old. The majority hail from Texas but girls from all sections of the nation are brought in for try-outs and if their qualifications are of the standard set by the Texas Cow Girls they are given the opportunity to work in with the club.

Wear Costumes

The Cow Girls are attired in cow girl costumes complete with six shooters and holsters. They not only play a man's game but they conquer the opposite sex on many occasions. They ask for no special favors and at all times give their utmost toward achieving a victory.

The girls play in the outstanding gymnasiums and arenas in this country. This season will see them in the Milwaukee Arena, Indianapolis Butler Field House, Minneapolis and St. Paul Auditoriums, Fort Wayne Municipal Auditorium, Philadelphia, Baltimore and Syracuse Arenas and Boston and Madison Square Gardens in addition to many Army installations.

Gene Lary is a freshman pitcher on the University of Alabama's baseball team. He has a reputation to maintain. Four brothers before him were star hurlers with the Crimson Tide.

Brandeis University's newly elected co-captains for the football and basketball teams are, in each case, the smallest players on their squads.

Michigan State sponsors 14 major sports in intercollegiate competition.

Hustling Officials Get More Plays In On Pacific Coast

By JOHN McCALLUM

NEW YORK — (NEA) — They may not play the best football in the Pacific Coast Conference, but they most certainly play the most. Figure filberts, with nothing better to do, discovered that coast teams averaged 70 plays a game last season.

No other college or professional league could make that statement.

"The coast gives fans more action because our officials hustle," asserts Frank McCormick, supervisor of PCC officials. "Teams get only 25 seconds to put the ball in play, or are charged with a five-yard penalty."

"An easy tip-off on when you can legally substitute is this: when an official is near the ball, a substitute can be in; when the referee moves away from the ball, it's too late."

You have got to practically belong to the white - collar set to get into the PCCC's officials' union.

Among whistle - tooters are a college president, six insurance executives, an architect, two naval and shipyard personnel officers, a radio executive, an audit bureau chief and an assortment of principals, coaches and teachers.

About everything but a referee.

Jim Tatum says Jack Scarbath is the finest quarterback in football.

"His quarterbacking is flawless," the Maryland mentor trumpets. "Talk about clutch players. Jack defeated Missouri with a pair of last - second touchdown passes, beat Auburn the next week the same way. Against Clemson, he figured in all four scores."

Scarbath seldom makes a mistake.

Kentucky, despite some superb teams, has never conquered a Tennessee squad coached by Brig.-Gen. Bob Neyland. Which covers more than 20 years. The Wildcats, coming on like Hill Gail in the stretch, think this will be the year, battle the Vols in Knoxville, Nov. 22.

Kentucky thought the same thing a few seasons ago, but Tennessee came from behind to win.

"We'll beat you guys next year," cried one Wildcat player.

A Tennessee lineman leaned over and paternally put his arm around the Kentuckian.

"I know all about it," he said. "That's what your daddy used to say."

When Yale steamrollered Brown, 28-0, in New Haven, one of the ends playing for the visitors was named Dave Yale.

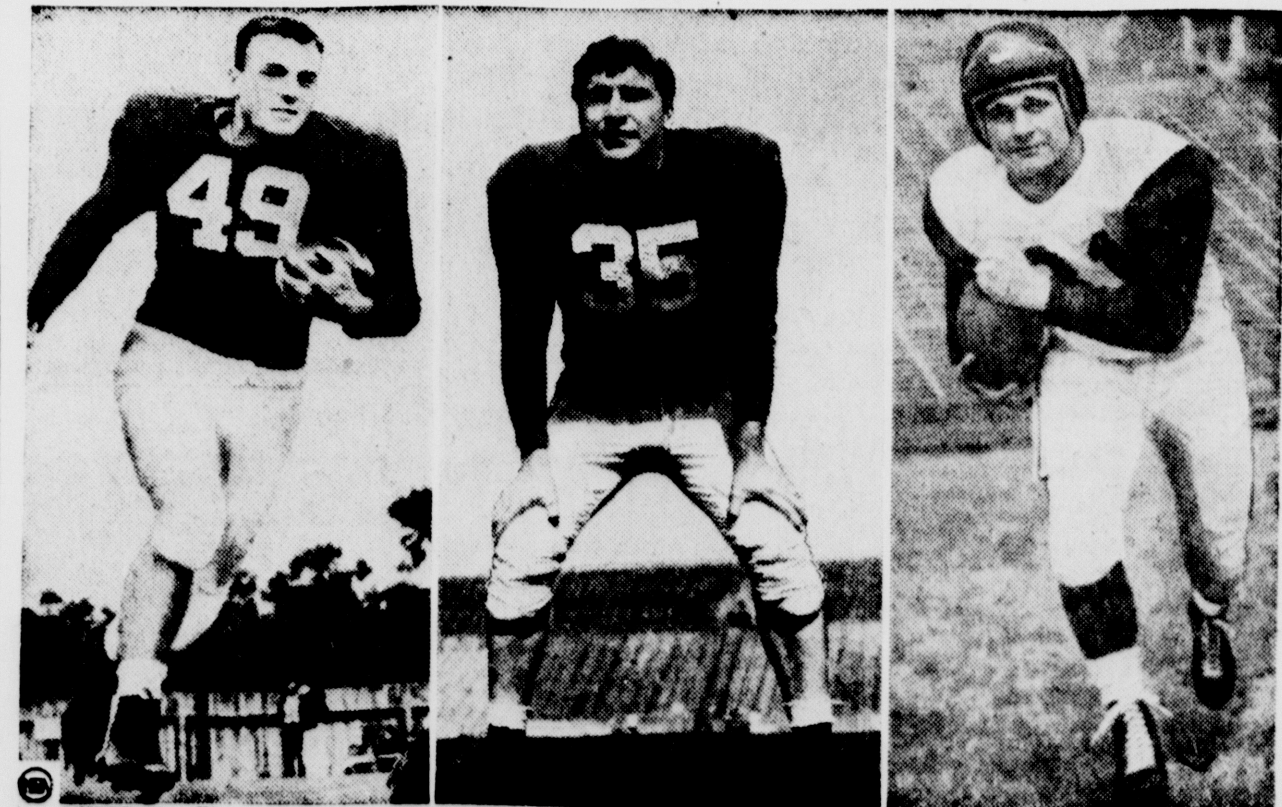

Somebody asked Jordan Oliver, the Elis' tactician, how he compared his new post with his former assignments at Villanova and Loyola of Los Angeles. "It's a new experience," he replied. "At Yale, the boys are students first, then football players."

Scout Doc Erskine watched Harry Agganis, Boston quarterback, run, pass, kick and fake the opposition dizzy, then returned to Marquette to make out his report.

"He can run, pass, punt and play defense," Erskine said.

"He must be able to do everything, huh?" inquired Coach Lisle Blackburn.

"Nav," replied Erskine. "he can't boot extra points."

FULLBACK FRONT — Bob Mathias, left, shows Stanford followers why he is the greatest all-round athlete. Alan Ameche, center, is Wisconsin's principal weapon. Joe Varetis goes both ways for Pennsylvania. All are fullbacks. (NEA).

St. Joe Juniors Host To Lourdes Sunday Afternoon

The St. Joe Trojan junior grid team will entertain the Lourdes of Marinette reserves Sunday afternoon at Memorial Field. Opening kickoff is slated for 2.

Coach Bob Dufour's Trojan juniors will be seeking revenge for 7-6 defeat at the hands of the Shamrocks two seasons back. This season the St. Joe team has split in two starts, losing to Escanaba 6-0 and beating St. Francis de Sales 26-0.

Starting assignments will go to Bob Hughes and John Vadnaia at ends. Joe Jotten and Perry Guertin at tackles. Mike Venne and Bob Heater at guards. Gerald Bink at center. Bob Dubord at quarterback. Mike Akers and Legault at halfbacks and John LaBranche at fullback. LaBranche and Venne are co-captains.

Braves Nip Ishpeming 6-0 In Tight Contest

ISHPEMING — (Special) — A spectacular 40-yard touchdown run by halfback Lowell LaPlant late in the first quarter provided the Gladstone Braves with a 6-0 victory over the Ishpeming Hematites here last night.

LaPlant, Gladstone's chief ground gainer, pulled a scoring run out of the hat when he went back to pass and couldn't spot an open receiver. The fleet-footed half cut into the Ishpeming defensive line, swung across field through the secondary, swivel-hipped past three tacklers and hit the goal line standing up for the only score in the game. The try

for the extra point by Martin Becker missed.

Coach Don Pfotenhauer's Braves threw a defensive wall against the Hematites that limited the home towners to only five first downs in the game.

Defensive Stars

LaPlant sparked the Braves on offense while Capt. Jack Holmes and Martin Becker were defensive stalwarts. Becker also hauled in three passes from LaPlant and Tom Moreau good for 64 yards.

Also standing out on defense were Harold Goodyear, Duane Peterson, Tom Brewer, Ed Bunno and Francis Rabito.

The Braves threatened to score again in the fourth period but stalled on the Ishpeming two-yard line. Gladstone drove down to the nine. LaPlant sliced to the four and was injured on the play.

Three line plays brought the Braves to the two-yard line where Ishpeming took over on downs.

Bob Sharland, Ishpeming halfback, slammed through tackle and broke into the clear from behind his own goal line. Bunno and Rabito cut in to head off the Ishpeming runner and Rabito caught him on the Gladstone 40.

From there the Hematites passed to the 20 and another Ishpeming aerial was intercepted by Rabito. The Braves retained possession until time ran out.

Intercept Passes

Moreau's pass interception stymied another Ishpeming threat in the third period. The Hematites fired a long one from the 50 to the Braves' 10 where Moreau intercepted and returned to the 25.

Also in the fourth quarter, Dick Ducheny stole a Hematite pass on his own 40 and crossed midfield to the Ishpeming 40.

For the Braves it was the third Great Lakes Conference win and the fourth of the season against a lone loss to Manistique, new GL leader.

For Ishpeming it was only the second loss of the season. Previously the Hematites had won five while losing to Iron Mountain.

The loss knocked Ishpeming out of top spot in the Great Lakes Conference standings.

Gladstone will invade Stephenson next weekend in a non-conference engagement. The Braves will be unable to share in the conference title as their game with Munising, cancelled by polio earlier in the season, will not be rescheduled.

Soo Reserves Wallop Emerald Jayvees 46-0

MANISTIQUE—The Manistique reserve eleven fell, 46 to 0, in a game here last night against the American Sault seconds while the Emerald varsity was clobbering the Sault varsity at the Sault, 34 to 6.

The bigger Lock City seconds had no difficulty handling the Manistique Bees, rolling up 27 counters in the first half and adding three more TD's and an extra point for good measure in the final two quarters.

It was the fourth loss for the Emerald reserves.

Hits Share The Wealth Plan In College Grid TV

SOUTH BEND, Ind. (P)—Athletic Director Edward (Moose) Krause of Notre Dame has lashed a National Collegiate Athletic Association proposal to split football television receipts among all members.

Krause said yesterday the NCAA membership has been alerted that some sort of a video "share-the-wealth" program would be submitted at the next annual convention.

Krause said the plan which he described as "immoral, illegal, un-American and socialist" probably would be whipped into shape at a meeting of the NCAA council and executive committee in Chicago Monday through Thursday.

Long Range

At New York, Asa Bushnell, director of television for the NCAA, said the proposal had been contemplated by the group as a long range approach to meet the problem of allocating huge receipts which might develop in a few years if football video is placed on a pay-as-you-watch basis.

"It doesn't make any difference whether such a plan develops in a year or two, it looks like it will go through and it is our stand that it is Communist," said Krause.

Notre Dame and Pennsylvania have led major opposition to the NCAA's present policy of controlled football television. The restricted program of the past two seasons was a financial blow to Notre Dame which previously had televised all home football games.

"Going Too Far"

"I'm not only speaking for the president of Notre Dame and myself, but also for other schools," asserted Krause. "This is going a little too far."

"On the same basis, why shouldn't endowments and state legislative funds for colleges be split among all the schools?"

Krause denied a rumor he had been reprimanded by school officials for recent comments on the NCAA program.

Indiana Has Youngest Big Ten Grid Mentor

BLOOMINGTON, Ind. — A young Irishman with wavy brown hair and a putting jaw will guide Indiana University's football team this fall.

He is Bernie Crimmins and at the age of 32 he will be the youngest head coach in the tough Western Conference.

I. U. tapped Crimmins for the job last January after looking around several months for a successor to Clyde B. Smith who resigned during the 1951 season when alumni and some campus critics voiced dissatisfaction with his work.

Came From Notre Dame

They turned to upstate Indiana and selected Crimmins, top assistant to Notre Dame's Frank Leahy.

Influential was Crimmins' brilliant athletic career and distinguished service in World War II.

In his home city of Louisville, Ky., he was a three-sport star at St. Xavier High.

Then he went to Notre Dame where he refined his talents to football and baseball. He was captain and catcher of the 1942 baseball team.

He played football under two Notre Dame coaches, Elmer Layden in 1939-40, and Frank Leahy in 1941 and was used in three different positions — right halfback, fullback and guard. He was the first man in Notre Dame history to win major awards at three different positions.

After graduation he coached at Cardinal Hayes High in New York for five weeks in the fall of 1942 and in October of that year returned to the Notre Dame campus to enter the Navy Midshipman School.

He was commissioned and served in the South Pacific as a PT boat commander. He wound up with a Silver Star, Presidential Citation, Philippine Liberation Medal and three battle stars on his Asiatic-Pacific ribbon.

He plans to combine the split T with variations of the T-formation.

Crimmins' wife is the former Dorothy Liming of Louisville. They are the parents of three sons, Michael Dennis, 3; Patrick Kevin, 16 months, and Bernard Anthony Jr., 2 months.

BERNIE CRIMMINS Leads Hoosiers at 32

lieutenant, Crimmins played one season with the Green Bay Packers but at the beginning of the 1946 football season he returned to Notre Dame as varsity quarterback coach.

Crimmins has started his new job with a lot of enthusiasm.

Split T with Variations

"The Big Ten is the finest football conference in the country," he says. "We hope to instill the spirit of the Marines in our Ball club and bring more and better kids like Bill Hillenbrand, Corby Davis, Vern Huffman and Pete Pihos to our campus."

He plans to combine the split T with variations of the T-formation.

Many Grid. Fortunes At Stake In Nation Today

By JOHN CHANDLER

NEW YORK (AP)—This fourth Saturday of the college football season promises plenty of action on all fronts with a handful of games today that could make or break some of the top teams of the land.

The schedule is littered with headlines and major intersectional battles that will go far in pointing up possible New Year's Day bowl contenders.

Among the big ones are such as Wisconsin and Ohio State, Princeton and Pennsylvania, Maryland and Georgia, Oklahoma and Texas, Michigan State and Texas A & M, Georgia Tech and Tulane.

The two conference scraps packing the most dynamite are Penn. Princeton Ivy League clash at Princeton's Palmer Stadium, and the Wisconsin-Ohio State tussle in Columbus.

Long Win Streak

Princeton is nursing a 24-game winning streak, longest in college football, and a sellout crowd of nearly 50,000 will be on hand. Penn was voted No. 10 in this week's AP poll. At Columbus, a Big 10 title and bid to the Rose Bowl may hinge on the outcome of the game between Wisconsin, this week's No. 1 team, and Ohio State. Last year Ohio State, like today, wasn't given much chance, but the Buckeyes managed a 6-6 deadlock. The game will lure 79,000.

Maryland, suspended from the Southern Conference, gets a rugged test against Georgia before 40,000 in Athens, Ga. The Bulldogs have the artillery to upset Maryland, No. 4 in this week's poll.

Another prime intersectional fray will be played before 45,000 at East Lansing, Mich., and millions on television when Texas A & M meets Michigan State, No. 2 in the country.

Two Southwestern giants, Texas

and Oklahoma, get together in their annual donnybrook before 75,504 in the Dallas Cotton Bowl.

Tech Favored

Georgia Tech is favored over Tulane at Atlanta. The Rambling Wreck was No. 5 in this week's winner over Santa Clara 35-0.

Duke, which is favored in the Southern Conference, takes a breather with South Carolina this week. Voted No. 6, Duke rapped Tennessee last Saturday, 7-0, and has too many guns for S.C.

On the West Coast, California's Golden Bears, No. 3, invade Portland to meet Oregon.

Notre Dame, moved into the No. 8 place after beating Texas, entertains Pittsburgh at South Bend, Ind., before 50,000, eager to move up in the ratings again.

At Ames, Iowa, Kansas puts its No. 9 ranking on the line in a game with Iowa State.

Another eastern fracas which will tell how good Navy really is comes off at Annapolis where the unbeaten Middies tackle William

and Mary. Undefeated Virginia plays George Washington at Charlottesville.

May Snap String

The Pacific Coast Conference, which has done right well against Big 10 foes this fall, may drop one after four wins. Washington plays Illinois at Champaign, Ill., in a game that could go either way.

At Los Angeles, UCLA entertains Rice from the Southwest Conference.

Wake Forest moves into Philadelphia to test Villanova, unbeaten in three starts.

Other important clashes include Cornell-Syracuse, Dartmouth-Army, Clemson-Florida, Columbia-Yale, Louisiana State-Kentucky, Mississippi-Vanderbilt, Indiana-Michigan, Southern Methodist-Missouri and Baylor-Arkansas.

In last night's top games, Bucknell defeated Temple, 19-12; Boston College whipped Drake, 20-14; Boston University overcame Miami, Fla., 9-7; VMI trounced Florida State, 28-7; and Southern California took San Diego Navy, 20-6.

Sports Briefs

CLEVELAND (AP)—Hank Greenberg, general manager of the Cleveland Indians, Friday dismissed Jake Flowers, first base coach, "to get more zip into the staff."

INDIANAPOLIS (AP)—The Indianapolis Capitols withdrew from the American Hockey League yesterday for the 1952-53 season, reducing the circuit to seven teams.

BROOKLYN (AP)—The Dodgers have sold relief pitcher Clyde King to the Cincinnati Reds for an undisclosed amount of cash.

INDIANAPOLIS (AP)—Gene Desautels, former major league catcher, was fired yesterday as manager of the Indianapolis club in the American Association.

ATLANTA (AP)—Bobby Jones, one-time "emperor of golf," was in good condition in an Atlanta hospital today following a heart attack earlier in the week. He was stricken Tuesday.

Michigan State athletes have been on every American Olympic team since 1928.

Several Attend Rotary Confab

Several Rotarians from Gladstone are attending the annual conference of the 208th District of Rotary International now in session at Houghton. They are O. H. Anderson, club president, and H. J. Bray, secretary. In addition two Uthorator representatives, Jerome Norick and Lee Larson, are at the meeting.

Representatives of 50 other clubs in Michigan's Upper Peninsula and Northern Wisconsin, which make up the district, are also in attendance at the conference. Conference headquarters are in Michigan Tech's luxurious new Memorial Union. Official sessions are being held in Houghton high school. The conference closes on Sunday.

This series of meetings is held each year to review Rotary service activities and to make plans for increasing their effectiveness.

Dr. Graham B. Hovey, of the University of Wisconsin, will make the principal address, speaking on the subject "Western Defense—1952." Dr. Hovey is an authority on journalism, and has served as foreign correspondent and war reporter for several major news services. District Governor Ralph M. Reece of Menominee, Wisconsin, will preside at the conference sessions.

George Barnes of Houghton, who is in charge of arrangements for the conference, is also planning a program which includes talks by Gordon A. Beaton, past director of Rotary International, Dr. Charles E. Irvin, member of the faculty of Michigan State College, and other group discussions and social events.

Find Archer's Doe Not Killed By Bow

Illegal possession of an illegally killed deer cost an out of state archer \$107.80 yesterday.

The defendant was Edward Thennes, 42, McHenry, Ill., who was hunting from a camp located on the old Nahma Northern railroad right of way, north of Nahma Junction.

He was arrested in Nahma

Township Thursday night by Conservation Officers Hugh Fisher of Nahma and Albert Lataciewicz of Munising after the former had found where a deer had been killed at night on the highway not far distant from the camp.

He admitted possession of a deer not killed with bow and arrow but told officers the deer had been crippled. Investigation showed the animal had been killed by firearms.

Arraigned before Justice of Peace O. C. Estenson Friday, Thennes admitted illegal possession of the carcass of a doe deer and was fined \$100.

In addition he forfeits the privilege of hunting deer in Michigan either with firearms or bow and arrow for a three year period.

Drunk Driver Is Fined \$50

Leonard Papineau, 277, Isabella, was arraigned before Justice of Peace A. T. Sohlgren yesterday on a charge of driving an auto while under the influence of intoxicants to which he pleaded guilty and a fine of \$50 and costs of \$7.80 was imposed. In addition his operator's permit was revoked.

Papineau was arrested in Wells township on Thursday afternoon by Michigan State Police.

Rambling Olszewski, Bum Knee Healed, All-America Prospect

By MURRAY OLDERMAN

NEW YORK (NEA)—If Pappy Waldorf is caught with his fingers crossed, the portly California football boss might be indulged his show of superstition.

It was just about this time last year that the Golden Bears were cruising serenely along through the first half of the season without a trace of blemish. Along came Southern California, and Pat Cannamela.

Cannamela wrapped a hoary hand around the Bears' Johnny Olszewski in a cause celebre of the 1951 season, and with the hard tackle went the Bears' dreams of an unbeaten season. Olszewski hurt his knee, missed half of that game and three complete others.

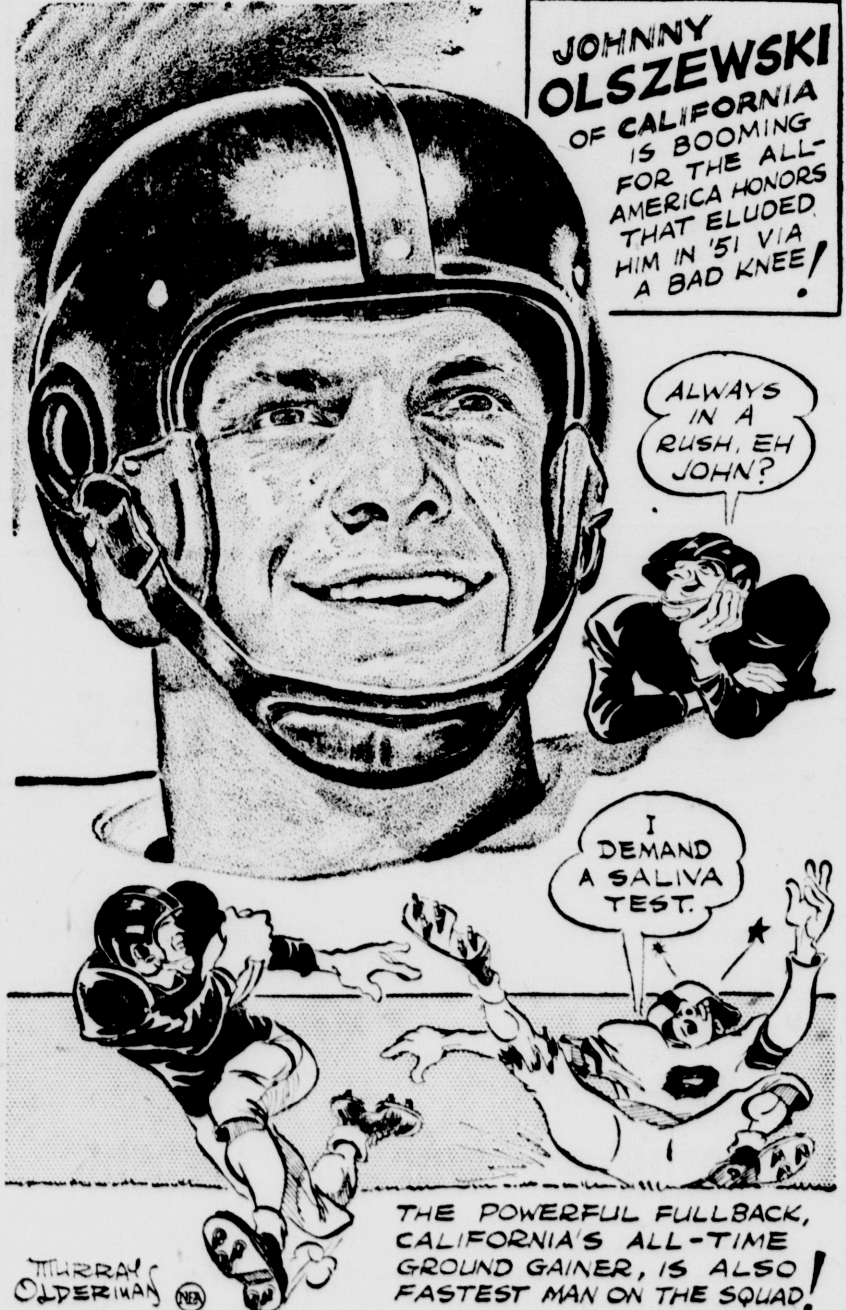

The Bears lost to the Trojans and UCLA.

Now Olszewski (o-SHEV-ski) again is making the Bears roll. His bum knee turned out to be nothing more than a strained ligament, healed by time. Already he's broken Cal's all-time ground gaining record of 1703 yards set by Jackie Jensen.

Game-Tested Veterans

What's even more important from Waldorf's standpoint is the strong accompaniment mustered around Johnny-O. His old Long Beach St. Anthony High School buddy, quarterback-Billy Mais, is a poised, smooth-passing senior. Halfbacks Don Johnson and Bill Powell are game-tested breakaway threats who hit the line like fullbacks. They have to under the Waldorf system.

For a sample of what's in front of them, Bob Karpe and Ralph Krueger are in their third straight seasons as varsity regulars, probably the finest brace of blocking tackles in the country. Ends Bob Beal, Hal Ellis and Dave Hood

were catching the same Mais passes last year.

The only place the Bears figure to be hurting may be defense, where the incomparable Les Richter left a line-backing vacancy.

A romping Olszewski nullifies that detail. The other team still has to get the ball to score, and

hits. Blocks Hard

He hits so hard that, as backfield coach Wes Fry used to say, "We worried about saving his hide." But Johnny also happens to lead the Bear squad in wind sprints, and he's its finest blocker.

As a freshman line-backer, they used to call him "One Punch." One whack at a runner was all he needed.

"A most unusual back," spouted cautious Pappy Waldorf in a moment of unprecedented recklessness a couple of years ago.

Makes Touchdown For Wrong Gridiron Team

CHELSEA (AP)—Chelsea got credit for two points which Flat Rock made last night, but still lost the Huron High School Football League game, 21-2.

Chelsea's two points came when halfback Hen Weddle grabbed a fumble in the first period and scampered 65 yards—into his own end zone. There he was tackled for a safety by Chelsea.

But Weddle escaped role of goat as he ran over—the right goal line this time—for a Flat Rock touchdown. Then he added two extra points on runs as Flat Rock rolled to victory.

Araujo Scores Kayo Ring Win

NEW YORK (AP)—Back on the winning trail with an eye-catching knockout victory over Joe Brown, lightweight contender George Araujo put in a bid today for a title shot.

The fleet-footed 21-year-old providence, R. L. Negro belted out Brown, of New Orleans in 1:24 of the seventh round of a nationally telecast bout at St. Nicholas Arena last night.

A short, jarring left hook to the chin draped the 26-year-old Louisiana Negro over the middle rope.

He just managed to stand when referee Ray Miller waved his hands, signalling the knockout.

Araujo, who weighed 132½ to Brown's 134 1/4, was leading up to the time of the knockout although Brown scored with harder punches. In the fourth round, Araujo hit the deck following a hot exchange but the referee ruled it wasn't a knockdown and didn't count. It looked like a left hook put George on the floor.

Araujo, ranked as third challenger in his division, said: "I'd like to get a chance at the winner of the Carter-Salas title fight."

Lauro Salas defends his 135-pound crown against ex-champion Jimmy Carter in Chicago next Wednesday night.

Four former Michigan State athletes, Clark Scholes, Chuck Davey, Virginia Baxter and Adolf Weinacker, are nominees in a contest to determine the man and woman who have best "carried the torch" for sports in Detroit during the past year.

Browns One-Touchdown Favorite Over Giants

NEW YORK (AP)—The New York Giants and the Cleveland Browns clash in Cleveland's vast Municipal Stadium tomorrow in the first "big" game of the infant National Football League season.

Cleveland reigns as one touchdown favorite to beat the Giants and gain undisputed possession of first place in the American Conference. The Browns and Giants share the lead, each team having won its first two starts.

The Browns-Giants contest tops a six-game card. In other games, San Francisco's surprising 49ers are at Detroit, the Chicago Cardinals at Washington, Dallas at Chicago and the Bears at Milwaukee and Pittsburgh at Philadelphia.

Browns Injured

Cleveland Coach Paul Brown doubts if he will be able to field a complete team. Four Cleveland regulars are on the injured list and may see little or no action. The doubtful Browns' starters are Dante Lavelli, fullback Harry Jagade and tackle Derrell Palmer.

Fullback Pat Knight is the only

Giant who figures to miss the game.

The Giants, seeking their first NFL crown since 1938, have bolstered their offense. Coach Steve Owen's highly regarded squad is just as strong on defense this season as it always was. Last year Cleveland beat the Giants twice in two bruising games.

Starts At 2

The game will start at 2 p. m. (EST) and will be televised into Providence, Binghamton, Buffalo, Rochester, Erie, Cincinnati, Dayton, Louisville, Nashville and Omaha.

First place also is at stake in the National Conference. The 49ers, boasting a 2-0 record, lead the parade but four teams could be tied for the top rung when the day's activity is completed.

The Lions, favored to whip the 49ers, the Chicago Bears, and Green Bay are tied for second place with 1-1 marks. The Bears figure to trample the Dallas Eagles but Green Bay is expected to bow to the Los Angeles Rams, the defending champions, who have lost their first two starts.

Compete For World's Walking Championship

DETROIT (AP)—The world's professional walking championship will be determined here today as a prelude to the Marquette-University of Detroit football game.

William Miahlo, of Detroit, won the opening six-mile heat yesterday, setting a new record of 41 minutes, 35 seconds for the distance. The old record of 43:41 was set in 1922 by James Meagher of New York City.

Columbus Discoveries Began Spain's Troubles

TROUBLES for Francisco Franco, right, head of the Spanish government, may have had part of their origin in the discoveries of Christopher Columbus, left.

By SHERRY BOWEN

Christopher Columbus is rightly credited with opening the New World for European colonization. Most Americans, however, are inclined to neglect the fact that most historians credit the New World with being one of the factors in the decline of the power of Spain.

Gen. Francisco Franco has been seeking aid from the United States in return for Spanish bases as one means of meeting Spanish difficulties. Economists in Spain often are credited with helping to raise Franco to power, but they did not end with his rise.

And if Franco wished to look far enough back he might date some of those troubles as starting with the discoveries of Columbus.

The rich mines of the New World brought much ready cash into Spain. That resulted in inflation which eventually spread across Europe. But it hit Spain first and hardest.

In addition, the Spanish found a ready means to buy what they needed from other countries and tended to neglect productive enterprises. And the New World cash was a potent temptation to continue aggressive policies in European wars which ranged from the Netherlands to Italy.

Meanwhile Hawkins and Drake were raiding the Spanish treasure

ships and laying the foundations of the British power which was to crush the Spanish Armada in 1588.

The Netherlands in 80 years of revolt against Spanish power, not only helped to drain away the strength of Spain, but strengthened her own resources to make her one of the great future rivals of Spain.

Adventures in Italy made other demands on the New World cash and on the manpower that Spain needed so desperately to build a crumbling internal economy.

Historians see other causes for the Spanish decline. Ferdinand and Isabella who sponsored Columbus backed the expansion of the sheep industry to the ruin of Spanish farms. They also started the policy of expelling industrious Moors and Jews from Spain. They also set up laws which regulated industry and led eventually to a crippling swarm of corrupt government officials limiting development of business programs.

Historians never can say what would have happened if things had been different. But they do point out that when Spain faced such difficulties, it was sending adventurers to the New World and soldiers to all parts of Europe. In such ways she dissipated administrative skills which might well have been used at home.

Movieland Starlet Fixes Automobiles

By BOB THOMAS

HOLLYWOOD (AP)—Curious hobbies or habits are no novelty in Hollywood, but here's a gal with one so genuine that it sounds like a gimmick but isn't.

Starlet Kathleen Crowley repairs automobiles.

The starlet's unique talent came to light when her car stalled on the 20th Century-Fox lot. She raised the hood and began tinkering with the engine. This brought taunts of "grease monkey!" from nearby males. Marilyn Monroe strolled by and suggested that Kathleen call the maintenance department.

Garage 20 Miles Away

Kathleen did, but before the repair man arrived, she had the motor running. She drove off as the scoffing males stood by in open-mouthed amazement.

The starlet, whose other accomplishments include being Miss New Jersey in the 1949 Miss America contest, explained how she became acquainted with motors.

"I grew up in Green Bank, N.J., a community of about 200 people," she said. "The nearest town was Egg Harbor, 20 miles away. That's where I went to school, and that's where the nearest stores and garage were. If you had trouble with your car in Green Bank, it was a long way to get help. So I learned about motors."

"When I started work as a private secretary, my ambition was to have my own car. I saved my salary and lived on what I could make on weekends by picking berries. When I finally got my car, I was determined not to be just another woman driver. So I

One Billion Dollars Spent On Asian Goods

TOKYO (AP)—The U. S. Army has bought nearly one billion dollars worth of goods from nations in the Orient during the past two years, the Japan Procurement Agency reports.

The agency says slightly more than 90 per cent of the \$982,029,957 was spent in Japan for a variety of items ranging like a mail-order catalogue.

"The first United Nations flag to fly over Gen. MacArthur's headquarters in Tokyo was turned out by Japanese seamstresses," said an agency spokesman.
